TOWN OF PLAINVILLE
WARRANT

FOR THE
ANNUAL TOWN MEETING
MONDAY, APRIL 6, 1987
at 8:00 A.M.

THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss

To Either of the Constables of Plainville:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Plainville qualified to vote in town affairs, to meet in the Beatrice H. Wood Elementary School Auditorium, South Street, in said Plainville, on

MONDAY, APRIL 6, 1987

at eight o'clock in the forenoon, then and there to act on the following articles, viz:

ARTICLE 1: The following officers to be chosen by ballot, viz: For a three year term: one Selectman, one Assessor, one Member Board of Health, one Town Clerk, one Water Commissioner, one Sewer Commissioner, one Park Commissioner, one Local School Committee Member, one King Philip School Committee Member, one Library Trustee, one Constable, and two Members Finance Committee; for a two year term: two Members Finance Committee; for a one year term: one Local School Committee Member, one Constable, one Tree Warden; for a four year term: one Member Planning Board; for a five year term: one Member Planning Board, one Member Housing Authority.

For this purpose the polls will open at eight o'clock in the forenoon and shall be closed at eight o'clock in the evening.

For consideration of all other articles in this Warrant, the meeting shall stand adjourned to the Second Monday in April at 7:30 P.M. in the Auditorium of the Beatrice H. Wood Elementary School on South Street in said Town.

ARTICLE 2: To choose all other necessary Town Officers not named in Article 1 for a term of one year.

ARTICLE 3: To consider and act on the reports of the Selectmen, Treasurer and other Town Officers.

ARTICLE 4: To see if the Town will vote to have the Surety Bonds of the Collector of Taxes, Treasurer, Town Clerk, Secretary of the Water Department, Assessor's Clerks, Clerks of the Selectmen, Constables and Police Department Licensing Authority placed with a Fidelity or Guarantee Company, or do or act in any manner relative thereto.

ARTICLE 5: To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial year beginning July 1, 1987, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17, or do or act in any manner relative thereto.

ARTICLE 6: To see if the Town will vote to authorize the Board of Selectmen to accept and enter into contract for the expenditure of any funds allotted or to be allotted by the Commonwealth and/or County for the construction, reconstruction and improvements of Town roads, or do or act in any manner relative thereto.

ARTICLE 7: To see if the Town will vote to add the following section to the Personnel By-Law, Chapter II, Article XII - VACATION LEAVE:

12.5 The Town, through its Department Heads, with the approval of the Board of Selectmen or other responsible Boards or Commissions, reserve the right to substitute pay in lieu of vacation leave, or do or act in any manner relative thereto.

Note: The adoption of this provision will enable payment to all personnel for unexpended vacation leave.

Note 2: This article was tabled at the April 1986 Annual Town Meeting.

ARTICLE 8: To see if the Town will vote to authorize the Board of Selectmen to petition the Great and General Court of the Commonwealth of Massachusetts to allow for the recall of any holder of an elective office or to take any other action relative thereto. (A petitioned article that was tabled at the April 1986 Annual Town Meeting)

ARTICLE 9: To see if the Town will vote to revise the following sections of the Personnel By-Law, Chapter II, as follows:

Section 2.1 - Definitions

Add Q. Personal Leave - Pay authorized for personal day(s) off in accordance with the provisions of this By-Law.

Section 9 - Overtime

Add 9.5 Each full time employee of the Highway Department, except the Department Head, who is required to work on a holiday due to snow emergency, shall be compensated at the rate of two times his regular hourly rate of compensation.

- j. loading and unloading facilities;
- k. provisions for refuse removal;
- l. existing and projected traffic volumes from the site and effect on the local road network;
- m. other information as may be necessary to determine compliance with the provisions of this bylaw.

The Planning Board shall examine the following concerns in reviewing the site plans of the proposed development:

- a. proper drainage of the impervious surface areas of the property;
- b. safe access to the development, minimizing the number and width of curb cuts;
- c. acceptable design and layout of ways, streets, and parking areas;
- d. that the projected traffic increase to the local road(s) is within the capacity of the existing network for both the daily and peak hour volumes;
- e. proper lighting design for parking areas;
- f. that proposed use(s) will not have a detrimental effect on the abutting neighborhoods or natural environment;
- g. complies with the Plainville Master Plan.

or do or act in any manner relative thereto.

Article 14: To see if the Town will vote to amend the Zoning By-Laws (by amending the following Sections: 2.8 Use Regulation Schedule, 2.9.4 Special Conditions Applicable To Special Permits, and by the addition of 2.14.0 Residential Cluster Development) by adopting the following article:

2.8 Use Regulation Schedule (amended by inserting the following after multi-family over 4)

RESIDENTIAL USES

Residential Cluster (Attached/Detached):

<u>RA</u>	<u>RB</u>	<u>RC</u>	<u>RD</u>	<u>CA</u>	<u>CB</u>	<u>CC</u>	<u>IA</u>	<u>IB</u>	<u>IC</u>
A	A	A	A	O	O	O	O	O	O

2.9.4 Special Conditions Applicable To Special Permits (amended by inserting the following after dwelling multi)

RESIDENTIAL USES BY SPECIAL PERMIT

<u>Use</u>	<u>District</u>	<u>Special Conditions</u>
Dwelling, Residential Cluster (Attached/Detached)	RA, RB, RC, RD	Subject to special permit from planning board as the Special Permit Granting Authority (See Section 2.14.0 residential cluster.)

2.14.0 Residential Cluster Development (amended by inserting after 2.13.0 Earth Removal)

A. Statement of Purpose:

A residential cluster development may be authorized by special permit in the Town of Plainville in order to achieve the following objectives:

- 1) Flexible and sensitive site design;
- 2) Promotion of measures to ensure compatibility of growth and sensitivity to the natural environment;
- 3) Enhancement of residential and community amenities by provision of open space;
- 4) Promotion of economical and efficient use of roads, water and sewer lines and other related infrastructure; and
- 5) Promotion of housing for all levels of income.

B. Definition and Applicability:

Residential cluster development means a residential development in which the buildings and accessory uses are clustered together into one or more groups separated from adjacent property and other groups within the development by intervening open land.

A residential cluster development shall conform to the following conditions:

- 1) Service by municipal water.
- 2) Contain a minimum of ten acres.
- 3) The number of dwelling units shall conform to the existing density allowed in the zoning district, unless a density bonus is granted (see Section C) as a condition to the special permit.
- 4) No more than six dwelling units may be attached in RA districts, and a maximum of eight attached units in the remaining residential districts.
- 5) A minimum of 20% of the total land area of the development shall be dedicated as common open space. No more than 50% of the land required as common open space may be wetlands as defined in M.G.L. Ch. 131, Section 40 or waterbodies.
- 6) There shall be a minimum width of 50 feet of buffer area between attached clusters. These buffer areas are not to be counted as a portion of the dedicated open space. These buffer areas shall provide suitable landscaping to screen buildings from each other.
- 7) Information on site capacity shall be provided to the Board by way of maps and text. Site capacity is determined by subtracting all wetlands, waterbodies and land with slopes greater than 33 % from the total amount of land.

C. Density Bonus Provision:

The density of dwelling units in a residential cluster development may be increased, as a condition of the special permit; provided that the petitioner or applicant shall provide certain open space, housing for the handicapped, elderly, or low to moderate income, traffic, pedestrian or other infrastructure related town improvements. The guidelines, point system and procedures shall be established in the Planning Board's Rules Governing a Residential Cluster Development. No density bonus granted shall be greater than double the maximum number of units permitted in the present zoning districts.

D. Lot and Yard Requirements:

- 1) Attached cluster units shall conform to the existing lot and yard requirements located in Section 2.6; however, the requirements shall be adjusted to "per building", not "per unit".
- 2) Detached cluster units shall conform to the lot and yard requirements provided below:

<u>Minimum Lot Requirements</u>	<u>RA</u>	<u>RB</u>	<u>RC</u>	<u>RD</u>
Area (sq. ft.)	25,000	20,000	10,000	20,000
Width (ft.)	125	70	60	70
Frontage (ft.)	125	70	60	70

<u>Minimum Yard Requirements</u>	<u>RA</u>	<u>RB</u>	<u>RC</u>	<u>RD</u>
Front (ft.)	30	25	20	25
Side (ft.)*	15	10	10	10
Rear (ft.)	30	25	20	25

*As a condition to a special permit for a residential cluster, one side yard set back may be waived to allow zero lot line construction.

E. Administrative Procedures:

The Planning Board as the Special Permit Granting Authority (S.P.G.A.) shall adopt rules relative to the issuance of special permits and file a copy with the Town Clerk.

F. Review Procedures:

The S.P.G.A. shall review all applications for a residential cluster development to determine the sensitivity of the site to the following criteria:

- 1) Compatibility with existing developments;
- 2) Compliance with adopted plans;
- 3) Acceptable design and layout of ways, streets, and paving;
- 4) That the projected traffic increase to the local road(s) is within the capacity of the existing network;
- 5) Compliance with environmental standards; and
- 6) Appropriateness of building and site design.

or do or act in any manner relative thereto.

ARTICLE 15: To see if the Town will vote to amend the Zoning By-Laws (by amending Section 4.1 Definitions) by adopting the following article:

4.1 Definitions (amended by inserting the following after dwelling)

Buffer Area: A unit of land, together with a specified type and amount of planting thereon, which shall be required between structures to eliminate or minimize conflicts between.

Dwelling, Attached Residential Cluster: Three (3) or more adjoining dwelling units, each of which is separated from the others by one (1) or more unpierced walls from ground to roof and having individual entrances.

Dwelling, Detached Residential Cluster: A dwelling unit having reduced yard, frontage, and area requirement as a condition of a special permit.

Dwelling, Unit: A single unit providing complete independent living facilities for one family, including permanent provisions for living, sleeping, eating, cooking, and sanitation

or do or act in any manner relative thereto.

ARTICLE 16: To see if the Town will vote to amend the Zoning Map by changing the zoning of Lots 2, 3, 4, 5, 6 and 15 through 33 on Assessor's Map 14 from RA - Single Family Residential District and RB - Single Family Residential District to RD - General Residential District, or do or act in any manner relative thereto. (a petitioned article)

ARTICLE 17: To see if the Town will vote to amend the Zoning By-Laws by adding to Section 2.8 "Use Regulation Schedule" the following entry, under the heading "Commercial Uses",

"	RA	RB	RC	RD	CA	CB	CC	IA	IB	IC"
Child Care/Daycare Center	0	0	0	0	P	P	P	0	0	0,

or do or act in any manner relative thereto. (a petitioned article)

ARTICLE 18: To change the zoning of all property from approximately 120 feet from the corner of Bugbee Street on Grove Street, northerly to Lincoln Avenue and easterly on Lincoln Avenue to approximately near Visby Avenue at the westerly side of the present existing General Commercial District (C9) line, south westerly along the General Commercial District (C9) in a straight line to meet at a point on Grove Street roughly 120 feet north of the Bugbee Street and Grove Street intersection.

Present zoning is General Residential District (RD). This would be changed to General Residential District (RC) with the approval of this article, or do or act in any manner relative thereto. (a petitioned article)

ARTICLE 19: To see if the Town will vote to accept the revised zoning map of the Town of Plainville, dated August 1986, or do or act in any manner relative thereto.

ARTICLE 20: To see if the Town will vote to change to a CA District, from its present zoning of RB, the following parcel of land:

That certain parcel of land in said Town of Plainville, in the county of Norfolk, Commonwealth of Massachusetts, situated on the Northeasterly side of Taunton Street and being shown as Parcel #4 on Plan of Land in Wrentham and Plainville, Mass., for Pacella Bros., Inc., scale 1" = 100', dated June 20, 1983, by S.M.R. Surveying & Engineering, Co., 4 Cross Street, No. Attleboro, Mass., filed herewith. Said parcel being bounded

SOUTHERLY	by Taunton Street, 845.06 feet;
NORTHWESTERLY	by land of Walter Larrison being Lot #8 on Assessors Map 2, 788.64 feet;
NORTHERLY	by Plainville and Wrentham Town line, 2.08 feet;
NORTHERLY	again by Interstate 495, 425.04 feet;
EASTERLY	by land of Everett Norton being Lot #5 on Assessors Map 2, 115.98 feet;
EASTERLY	again by land of Everett Norton, 791.00 feet,

or do or act in any manner relative thereto. (a petitioned article)

ARTICLE 21: To see if the Town will vote to amend the Zoning Map by creating a Zone RAA and place all land currently in Zone RA within the boundaries of the following: West of South Street from Plainville/Wrentham Town line and going north to the Plainville/North Attleboro Town line, going west to the Town boundaries of North Attleboro, Wrentham, Mass., and Cumberland, Rhode Island. And to amend the Zoning By-Law, Section 2.6, Intensity of Use Schedule as follows:

MINIMUM LOT REQUIREMENT	RAA
Area (1000 Sq. Ft.)	88
Width (Ft.)	225
Frontage (Ft.)	225
MINIMUM YARD REQUIREMENT/c	RAA
Front (Ft.)/d	40
Side (Ft.)	25
Rear (Ft.)	40
Maximum Building Coverage (in multiples of 1000 Sq. Ft.)	6.6

or do or act in any manner relative thereto. (a petitioned article)

ARTICLE 22: To see if the Town will vote to raise and appropriate the sum of \$950,000.00 to fund the construction and furnishings of a new library, or do or act in any manner relative thereto.

ARTICLE 23: To see if the Town will vote to select the Wood School front lawn as the site of the new library, or do or act in any manner relative thereto.

ARTICLE 24: To see if the Town will appoint the present Library Building Committee to serve during construction and completion of the new Town library, or do or act in any manner relative thereto.

ARTICLE 25: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$20,000.00 for the Reserve Fund to provide for the extra ordinary unforeseen expenses as authorized by Section 6, Chapter 40 of the Massachusetts General Laws, or do or act in any manner relative thereto.

ARTICLE 26: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$50,000.00 to improve and upgrade Town roads, such sums to be expended under the direction of the Highway Superintendent, or do or act in any manner relative thereto.

ARTICLE 27: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$1,500.00 or any other sum for the control of Insects and Dutch Elm Disease as provided by Chapter 132, Section 14 of the General Laws, and to be expended under the direction of the Moth Superintendent, or do or act in any manner relative thereto.

ARTICLE 28: To see if the Town will vote to raise and appropriate or to transfer from available funds in the treasury the sum of \$500.00 for the normal repairs and maintenance of the Town-owned building known as the Scout House on Spring Street, or do or act in any manner relative thereto.

ARTICLE 29: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$10,000.00 for Town Funds to be used in conjunction with and in addition to any funds allotted by the Commonwealth and/or County for the construction, reconstruction and improvement of Town roads, or do or act in any manner relative thereto.

ARTICLE 30: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$200,000.00 for the Stabilization Fund, as authorized by Mass. General Laws, Chapter 40, or do or act in any manner relative thereto.

ARTICLE 31: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$5,000.00 for the Conservation Commission for conservation purposes, including the purchase of land, or do or act in any manner relative thereto.

ARTICLE 32: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$30,000.00 for the purchase of Police Cruisers and related equipment, or do or act in any manner relative thereto.

ARTICLE 33: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$25,000.00 to fund the lease for the purchase of a Data Processing System for the Town, or do or act in any manner relative thereto.

ARTICLE 34: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$10,000.00 for the purpose of improving drainage, such sum to be expended under the direction of the Highway Superintendent, or do or act in any manner relative thereto.

ARTICLE 35: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$10,000.00 to improve and construct Town sidewalks, such sum to be expended under the direction of the Highway Superintendent, or do or act in any manner relative thereto.

The first session of the Annual Town Meeting was held in the auditorium of the Beatrice H. Wood School on South Street in Plainville, on Monday, April 13, 1987, and was called to order at 7:40 P.M. by Moderator Kathleen Parker. A total number of 257 registered voters were checked in for the evening.

The moderator gave the bounds of the hall as follows: those registered to vote in the Special Town Meeting only, to be seated in the front section of the bleachers to the Moderator's left (in the section that was chained off); all other registered voters to be seated in the chairs on the floor of the auditorium and the bleachers to the Moderator's right. (persons must have registered prior to April 3rd to be eligible to vote at the Special Town Meeting, and prior to March 17th to be eligible to vote at the Annual Town Meeting). All other persons should be seated in the back section of the bleachers to the Moderator's left. Mrs. Parker stated that there would be no standing at the rear of the hall, and any voter leaving the hall would be requested to check in with the checkers upon returning to the hall.

The Moderator stated that the counters appointed for the evening to her right would be Georgette Plante and Paul Spadoni; to her left, Margaret Fish and Dorothy Arnold. Ballot Box Officers in case of a ballot vote would be Kathleen Sandland and Joan Clarke. All motions and amendments must be in writing and all discussion directed through the Chair, with speakers using the microphone, and giving their name and address.

The meeting opened with invocation given by the Reverend David Hill, Pastor of the Plainville United Methodist Church.

Mrs. Parker stated that there was a typographical error on the warrant, in that Article 39 should be listed as "a petitioned article".

Mr. Hartnett explained to the voters that it was hoped to end meeting sessions by 10:30 P.M., and to adjourn to the following dates: Wednesday, April 15th; Tuesday, April 21st; Wednesday, April 22nd; and Monday, April 27th, with future dates to be set at that time.

Motion made by Robert Hartnett, seconded by Ray Felix, that the following persons be allowed to speak before this Town Meeting: Attorney John Lee, Attorney Maureen Lee, Robert Brothers, Francis Cinelli, William Costa, James Johnson, Brian Burtwell, Patrick Hughes of Camp Dresser & McKee, Gregory Guimond of SRPEDD, Richard Schoenhardt & Adam Schoenhardt of Schoenhardt Architects, Attorney John Jacobi, representing Child Care Equities; and Attorney Stephen Clapp, Edward Vena, Attorney Philip Barr, James Miller & James Griffins, representing Heather Hill Limited Partnership.

SO VOTED UNANIMOUSLY

ARTICLE 2: Motion by Ray Felix seconded by Robert Hartnett that Edgar Peavey, Joseph Porter and George Brown be appointed Fence Viewers and Field Drivers; and that Ronald Fredrickson and Everett Skinner be appointed Measurers of Wood, Bark and Lumber for the Ensuing year.

SO VOTED UNANIMOUSLY

ARTICLE 3: Motion by Deborah Gard, seconded by Robert Hartnett, that

the reports of the Selectmen, Treasurer and other Town Officers be accepted as printed, with the exception of any errors and omissions.

UNANIMOUS VOTE

ARTICLE 4: Motion by Robert Hartnett, seconded Deborah Gard, that the surety bonds of the Collector of Taxes, Treasurer, Town Clerk, Secretary of the Water Department, Assessors' Clerks, Clerks of the Selectmen, Constables, and Police Department Licensing Authority be placed with a Fidelity or Guarantee Company.

UNANIMOUS VOTE

ARTICLE 5: Motion by Ray Felix, seconded by Robert Hartnett that the Town vote to authorize the Tresurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial year beginning July 1, 1987, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

UNANIMOUS VOTE

Motion made by Robert Hartnett, seconded by Arthur Roy to adjourn the Annual Town Meeting until the completion of the Special Town Meeting.

Meeting was adjourned at 7:58 P.M. and re-convened at 9:52 P.M.

ARTICLE 6: Motion by Deborah Gard, seconded by Robert Hartnett, that the Town vote to authorize the Board of Selectmen to accept and enter into contracts for the expenditures of any funds allotted or to be allotted by the Commonwealth and/or County for the construction, reconstruction and improvement of Town Roads.

UNANIMOUS VOTE

ARTICLE 7: Lost for lack of a motion.

ARTICLE 8: Motion by Patricia Walls, seconded by Arthur Roy, that the Town vote to authorize the Board of Selectmen to petition the legislature to enact the following special legislation providing for the recall of any holder of an elective office.

SECTION 1: Any holder of an elective office in the Town of Plainville may be recalled, and removed therefrom by the qualified voters of said Town as herein provided.

SECTION 2: Any qualified voter of the Town of Plainville may file with the Town Clerk of said Town an affidavit containing the name of the officer sought to be recalled and a statement of the grounds of recall. Said Town Clerk shall thereupon deliver to the voter making such affidavit a sufficient number of copies of petition blanks demanding such recall, printed forms of which he/she shall keep on hand. The blanks shall be issued by the Town Clerk with his/her signature and official seal attached thereto; they shall be dated and addressed to the Selectmen of said Town; shall contain the name of the person to whom issued, the number of blanks so issued, the name of the person sought to be recalled, the grounds of recall as stated in said Affidavit, and shall demand the election of a successor to such office. A copy of the petition shall be entered in a record book to be kept in the office of the Town Clerk. The recall petition shall be returned and filed with said Town Clerk on or before the first workday following twenty (20) days after the filing of the Affidavit. Said petition before being returned and filed shall be signed by ten (10) percent

of the registered voters in said Town and to every signature shall be added the place of residence of the signer, giving the street and number.

The said recall petition shall be submitted, at or before three o'clock in the afternoon of the Monday preceding the day on which it must be filed, to the registrars of voters in said Town, and the registrars shall forthwith certify thereon the number of signatures which are names of voters of said Town.

SECTION 3. If the petition shall be found and certified by said Town Clerk to be sufficient, he/she shall submit the same with his/her certificate to said Selectmen without delay and said Selectmen shall forthwith give written notice to said officer of the receipt of said certificate and shall, if the officer sought to be removed does not resign within five (5) days thereafter, thereupon order an election to be held on a Tuesday fixed by them not less than twenty-five (25) days after the date of the Town Clerk's certificate that a sufficient petition is filed; provided, however, that if any other town election is to occur within sixty (60) days after the date of said certificate, the Selectmen may, in their discretion, postpone the holding of said recall election to the date of such other election. If a vacancy occurs in said office after a recall election has been so ordered, the election shall nevertheless proceed as in this section provided.

SECTION 4. Any officer sought to be recalled may be a candidate to succeed himself/herself, and, unless he/she requests otherwise in writing, said Town Clerk shall place his/her name on the official ballot without nomination. The nomination of other candidates, the publication of the warrant for the recall election, and the conduct of the same, shall be in accordance with the provisions of law relating to elections, unless otherwise provided in this Act.

SECTION 5. The incumbent shall continue to perform the duties of his/her office until the recall election. If then re-elected, he shall continue in office for the remainder of his/her unexpired term, subject to recall as before, except as provided in section seven. If not re-elected in the recall election, he/she shall be deemed removed upon the qualification of his/her successor, who shall hold office during the unexpired term. If the successor fails to qualify within five (5) days after receiving written, certified notification of his/her election, the incumbent shall thereupon be deemed removed and the office vacant.

SECTION 6. Ballots used in a recall election in said Town shall submit the following propositions in the order indicated:

For the recall of (name of officer)

Against the recall of (name of officer)

Immediately at the right of each proposition there shall be a square in which the voter by making a cross mark (X) may vote for either of such propositions. Under the proposition shall appear the word "Candidates" and the direction "Vote for one" and beneath this the names of candidates nominated as hereinbefore provided.

SECTION 7. No recall petition shall be filed against an officer of said Town within three (3) months after he/she takes office, nor in the case of an officer subjected to a recall election and not removed thereby, until at least six (6) months after that election.

SECTION 8. No person who has been recalled from an office in said Town,

or who has resigned from office while recall proceedings were pending against him/her, shall be appointed to any Town office within two (2) years after such removal by recall or resignation. This section, however, shall not preclude any person from running for elected office within said Town.

SECTION 9. This Act shall be submitted for acceptance to the voters of the Town of Plainville at its next Annual Town Meeting in the form of the following question which shall be placed on the official ballot to be used for the election of Town officers at said meeting: "Shall an Act passed by the General Court in the year nineteen hundred and eighty-seven entitled "An Act authorizing the Town of Plainville to recall holders of elective office" be accepted? If a majority of the votes in answer to said question is in the affirmative, then this Act shall thereupon take full force and effect in the Town of Plainville but not otherwise. At any time except as herein provided after the expiration of six (6) years from the date on which this act is accepted, and not less than ninety (90) days before the date of an annual Town election, a petition signed by not less than fifteen (15) percent of the registered voters of the Town may be filed with the Selectmen, requesting that the question of revoking the acceptance of this Act be submitted to the voters. Thereupon the Selectmen shall cause to be printed on the official ballot to be used for the election of Town officers at the annual Town election next following the filing of such a petition the following question: "Shall the acceptance by the Town of Plainville of an Act passed by the General Court in the year nineteen hundred and eighty-seven entitled "An Act authorizing the Town of Plainville to recall holders of elective office" be revoked"? If a majority of the votes in answer to said question is in the affirmative, the acceptance of this Act shall be revoked and it shall become null and void beginning with the first day of the month next following such revocation, following approval by the Attorney General's office. A petition to revoke the acceptance of this Act shall not be filed more often than once in every three (3) years.

Mr. Peasley questioned when the article was tabled, was it to a specific time? Minutes of the last Annual Town Meeting showed that the article had been tabled to the next Annual Town Meeting. Some discussion followed.
MOTION CARRIED.

ARTICLE 9: Motion by Arthur Roy, seconded by Ugo Bona--the Personnel Board recommends and I so move, to amend the following sections of the Personnel By-Law, Chapter II as follows:

Tape recording of these minutes on file with Town Clerk.

The second session of the Annual Town Meeting was called to order at 7:39 P.M. on Wednesday, April 15, 1987, in the auditorium of the Wood School on South Street in Plainville, with a total number of 256 voters checked in for the evening.

Moderator stated that the bounds of the hall for voting purposes were the chairs on the floor of the auditorium and the bleachers to the Moderator's right. All other persons were to be seated in the bleachers on the Moderator's left.

Counters appointed to the Moderator's right: Peter Brock and Cathy Green; to the Moderator's left: Kenneth Cox and Celine Hassell.

Ballot Box Officers in case of a ballot vote were to be Kathleen Sandland and Joan Clarke. The Moderator asked that all speakers use the microphone and give their name and address when recognized by the Chair, and that voters be courteous to guests when they were speaking.

The first order of business was a request received from Gail Watkins of 7 Azalea Drive, for reconsideration of Article 8. Mrs. Watkins explained the reasons for her reconsideration request.

Motion by Gail Watkins, seconded by Tom Watkins for a reconsideration of Article 8 of the Annual Town Meeting at the next opening of said Town Meeting, Wednesday, April 15, 1987. (2/3 vote required)

MOTION CARRIED

ARTICLE 23: Motion by Karl Grube, seconded by Virginia Silveira--I move that the Town vote to select the Wood School front lawn as the site of new library.

Mr. Grube introduced Richard Schoenhardt of Schoenhardt Architects, who explained about the building and the site selection. He gave a brief summary of all the sites considered and why they had not been suitable.

David Rushlow, direct abuttor to the library site, expressed concern for drainage problems, and suggested that if voters had any other sites in mind they should speak up. Mr. Schoenhardt assured Mr. Rushlow that they would take care of any drainage problems.

Mr. Peasley stated that he felt when the land was donated that it was for a school and should be used for that purpose. Mr. Grzenda questioned the legality of using the land for purposes other than it was intended.

Mrs. Hartshorn questioned where all the people with questions on site location etc. were when the Committee held its open meetings.

Attorney Lee sees no problem with using this land, as there was nothing in the deed restricting its use. All parties being agreeable, the motion and second were withdrawn at the suggestion of Attorney Lee.

Motion by Karl Grube, seconded by Arthur Roy, that the Town vote to transfer the care, custody, management and control of a certain parcel of land, located at the site of the Wood School, and running two hundred (200) feet along the westerly side of South Street, and to a depth of two hundred (200) feet from such westerly side of South Street, from the School Committee to the Trustees of the Public Library, to be used for the construction and operation of a public library.

Mr. Francis Frey asked whether a contractor had been chosen, and Mr. Grube stated one had not been chosen.

Vote on Article 23: Yes 216 No 3 Needed to pass 146

MOTION CARRIED

ARTICLE 22: Motion by Virginia Silveira, seconded by Bruce Howell--The Finance Committee recommends and I so move that the sum of \$950,000. is hereby appropriated for constructing, originally equipping and furnishing a new library and that to raise this appropriation, the Treasurer, with the approval of the Selectmen, is authorized to borrow the sum of \$950,000. under and pursuant to Chapter 44, Section 7(3), of the General Laws, or any other enabling authority, and to issue bonds or notes for the Town therefor.

Mr. Grzenda does not feel the buildings fits in with the neighboring homes, and feels roof is going to be more expensive and difficult to maintain. Mr. Schoenhardt responded to these concerns. Mr. Spadoni

questioned access to the school, and Mr. Schoenhardt stated that this could be done. Mr. Sliwinski was concerned that costs could run higher, and we would have to come up with additional money. Mr. Schoenhardt stated that the architect added 5% for inflation for the anticipated time frame for construction. Questions were raised as to responsibility for building, for budgeting, staffing etc. Mr. Hennessy asked if part of the cost could be taken from the Stabilization Fund and what amount is presently in that account. Mr. Lee stated that there is \$220,000. in the fund which is for emergency use and should be kept for that purpose. Mr. Lee also stated that it is better to borrow a larger amount as the rate of interest is better, and more bonding companies would be interested.

Mr. Spadoni stated that the fees of the Wiring Inspector and Building Inspector would be waived for this construction to help cut the cost.

Mr. Sliwinski questioned what the interest cost would be for this amount of money.

Question was called by Mr. Peasley, but the Moderator allowed an answer to Mr. Sliwinski's question on the advice of Attorney Lee. Mrs. Silveira gave figures showing interest for the first year would be \$57,000.

Vote on calling the question: Yes 186 No 20 Needed 137. Question called.

Vote on Article 22: Yes 218 No 0 ARTICLE 22 PASSED UNANIMOUSLY

Mr. Grube thanked the voters for their support, stating that attempts had been made to have a new library in 1930 and in 1970.

Tape recording of these minutes on file

The third session of the Annual Town Meeting was called to order at 7:35 P.M. on Tuesday, April 21, 1987, in the auditorium of the Wood School in Plainville. A total of 227 voters were checked in for the evening.

Moderator Kathleen Parker stated that the bounds of the hall for voting purposes were the chairs on the floor of the auditorium, and in case of an overflow, the bleachers to the Moderator's right. All visitors and non registered persons were to be seated in the bleachers to the Moderator's left. All motions and amendments must be in writing and all discussion directed thru the Chair, with speakers using the microphone and giving name and address when recognized. Ballot Box Officers in case of a ballot vote were to be Kathleen Sandland and Joan Clarke. Counters were appointed as follows: to the Moderator's left Kenneth Cox and Celine Hassell; to the Moderator's right William Breeden and Catherine Green.

The Moderator noted a typographical error in Article 21, in the fourth line where it reads "Plainville/Wrentham Town line and going north", should read "going south".

ARTICLE 13: Moderator stated that instead of reading the article, she would allow voters time to study and prepare questions to be asked when motion was made.

Mrs. Soucy made the following corrections in the working of Article 13: Section 1.3, replacing "Building Inspector" in the first inserted paragraph with "Planning Board"; and deleting the first sentence in the second inserted paragraph; in Section 2.8 under Motor Vehicle, Boat, & Farm Implement--5th line--add /10 after Used Parts and Dismantling; Section 2.8, Item 11 under RESIDENTIAL USES--5,000 should be 3,000; Section 2.11--present item "m" should be "n" and new item "m" should read "drainage calculations and type of soil. In the next paragraph--item "a" strike out the words "impervious surface areas".

Mrs. Soucy gave the Planning Board report as follows: The Planning Board recommends the adoption of Article 13 as emended. On March 20, 1987 at 8:00 P.M., the Planning Board held a public hearing on the proposed site plan review by-law. It was noted that this by-law in no way gives the Planning Board veto authority of any project, but merely provides a back-up, engineering review of projects that might have serious environmental impact in areas of utilities, drainage, pavement, roads, and other areas of concern with which the Planning Board is used to reviewing. It would guarantee the permit granting authority additional expertise that they might not have immediate access to without a site plan provision. The general consensus of the majority of those present at the hearing was that this by-law would be advantageous to the community.

Motion by Andrea Soucy, seconded by Arthur Roy to accept Article 13 as emended.

Questions raised by James Hennessy and Kenneth Kublin regarding the item in Section 2.9.1 requiring that the SPGA state in its decision the reasons for not following the Planning Board's recommendations.

Motion made by Kenneth Kublin, seconded by Geraldine Perry to amend this

section by deleting the last sentence, and adding "the SPGA shall as a courtesy inform the Planning Board in writing the reasons for not following the Planning Board's recommendations.

Mr. Sandberg, a former member of the Zoning Board of Appeals, stated that he feels that all these added restrictions and requirements is going to force a full time paid ZBA instead of the present unpaid volunteers. Attorney Lee feels that the original article would leave opening for appeal if the SPGA did not comply with the requirement to make reasons a part of the decision. Charles Smith feels there should be no problem with committees giving reasons for actions and decisions.

Motion made by David Lomasney, seconded by Charles Peasley to table this article until the last article of Annual Town Meeting.

Geraldine Perry stated that all minutes and decisions are recorded and on file for everyone.

Voice vote on tabling Article 13 was not clear so Moderator called for a standing which showed 155 in favor and 40 opposed--Article 13 was postponed to the last order of business at the Annual Town Meeting.

ARTICLE 14: Motion by Andrea Soucy, seconded by Charles Smith that Articles 14 and 15 be moved to the next to next to last, and next to last order of business of Annual Town Meeting.

Moderator informed Mrs. Soucy that motions must be made separately.

Motion and second were withdrawn.

Motion by Andrea Soucy, seconded by Arthur Rcy to table Article 15 until the third from last order of business on the Warrant.

ARTICLE 14 TABLED BY UNANIMOUS VOTE
TO THIRD FROM LAST ORDER OF BUSINESS

ARTICLE 15: Motion by Andrea Soucy, seconded by Tom Watkins--the Planning Board recommends tabling Article 15 to the next to last article on the Annual Town Warrant. SO VOTED UNANIMOUSLY

ARTICLE 16: Mrs. Soucy gave the following report of the Planning Board. On March 13, 1987, at 7:30 P.M. the Planning Board held a public hearing on the petitioned warrant article. The general consensus of the townspeople present at the meeting was that the article was not in the best interests of the Town. Concerns regarding traffic problems, the size of the project, the alteration to the basic character of the community as it now exists, the impact upon town services, the impact upon the presently critical water supply, the possible damage resultant from necessary blasting to lay water and sewer lines, the impact of placing an RD zone in the middle of an RA area and the inherent danger in setting a precedent by this type of zoning all contributed to why this article was not in the best interests of the town.

Although the Planning Board was impressed by the quality of the project

presented by the petitioners for the rezoned area, including the perquisites offered, it felt that it had to render its recommendation upon the fact that this is a zoning change from an RA to an RD zone and that the town fathers had had specific reasons for designating this an RA zone at the time of zoning. We feel that their original designation had integrity based upon the area and geography of the area and that it would be unwise for us to recommend a change of the zone from RA to RD. Therefore, the Planning Board does not recommend this warrant article.

Motion made by Linda Braga, seconded by Barbara Meyer that the Town amend the Zoning Mp by changing the zoning of lots 2, 3, 4, 5, 6, and 15 through 33 on Assessors' Map 14 from RA-Single Family Residential District and RB-Single Family Residential District to RD-General Residential District.

Moderator stated that Mr. Griffiths of Heather Hill Limited Partnership had spoken to her earlier requesting permission to give a brief slide presentation at this time. Mr. Spadoni questioned the pertinence of this presentation. Mrs. Parker stated that she had given permission and would not withdraw that permission now. Mr. Spadoni requested permission to speak following the presentation, and request was approved.

Mr. Griffiths gave the slide presentation and this was followed by considerable discussion from the floor.

Motion made by Paul Spadoni, seconded by Susan Sliwinski that Article 16 be tabled until such time as the Planning Board submits an updated Master Plan of the Town of Plainville incorporating all proposed zoning changes.

Vote on motion to table Yes 90 No 104 Needed 129 MOTION FAILED

In further discussion, Earl Peck spoke in favor of this article, stating that he had been on the Board when Zoning was adopted and at that time they could not make this a part of zoning, and he felt it should be done now. He also stated that this was the only article on the warrant that would bring money into the town. It would also reserve one hundred acres of land for open space, and give access to conservation land now landlocked. Mr. Skinner stated that this land is not land locked.

Motion made by Earl Peck, seconded by Richard Plant that Article 16 be referred to a Citizens Committee to be appointed by the Board of Selectmen, for further study and to report their recommendations to a Special Town Meeting to be called by the Board of Selectmen, which Special Town Meeting shall consider Article 16.

David Grzenda questioned if Town had signed agreement with Heather Hill regarding points they had agreed upon. Attorney Lee replied that the agreement from the contractor is legal and binding, although the Town has not signed anything.

Concern was voiced for the water problems which were top most in minds of most of the voters, for traffic problems, and concern for allowing any more condominiums to be built in Plainville.

Mr. Nolan called for a vote on the article, but the Moderator declared his request was not in order at this time.

Mr. Peasley moved the previous question. Vote on calling question on motion to refer to a committee: Yes 217 No 1 Needed 145

Mr. Hennessy asked if it was true that if he moved for reconsideration now and it was voted down, did that mean the article could not be reconsidered again. Response was that it could not be brought up again for two years.

MOTION FOR RECONSIDERATION FAILED

ARTICLE 17: Mrs. Soucy gave the report of the Planning Board as follows:

On March 20, 1987, at 7:30 P.M. the Planning Board held a public hearing on the petitioned warrant article. This was the second hearing held on this item as the sixth month period since the last public hearing and recommendation of the board had expired before town meeting. At the hearing the petitioner stated that the article would be emended on town meeting floor to allow permitted use in a CA zone only. Those who attended the hearings raised questions on traffic, hours of use, lighting, noise, and potential for expansion of the facility. The petitioner provided answers to these questions that were in agreement with the needs and requests of area residents. At the conclusion of the hearing several abutters spoke in favor of granting the petition. Therefore, with the emended article to include permission in the CA zone, the Planning Board voted unanimously to recommend for the article.

Motion by Reginald Keyes, seconded by Arthur Roy that the Town vote to amend the Zoning By-Laws by adding to Section 2.8 "Use Regulation Schedule" the following entry, under the heading "Commercial Uses,"

"Child Care/Day Care Center RA RB RC RD CA CB CC IA IB IC".

Attorney Jacobi spoke in favor of the article. Building Inspector Donald Soule stated that it does not change the zoning, only allows a day care to be added to the use schedule. He pointed out that there are far more objectionable uses presently allowed in this zone.

MOTION CARRIED

Motion made by Robert Hartnett, seconded by James Hennessy to adjourn meeting until Wednesday, April 27, 1987 at 7:30 P.M. SO VOTED

Meeting was adjourned at 10:28 P.M.

Respectfully submitted,

KATHLEEN M. SANDLAND
Town Clerk

The Fourth Session of the Annual Town Meeting was called to order at 7:40 P.M. on Wednesday, April 22, 1987, in the auditorium of the Wood School in Plainville. A total of one hundred thirty two registered voters were checked in for the evening.

Counters appointed to the Moderator's left were Kenneth Cox and Celine Hassell; to the Moderator's right, Karl Grube and Catherine Green. In case of a ballot vote, the ballot box officers were to be Kathleen Sandland and Joan Clarke. Moderator stated that all motions and amendments must be in writing and all discussion directed through the Chair, with speakers taking the microphone and giving name and address. Mrs. Parker stated that paper for motions and amendments would be available on the Selectmen's table.

Bounds of the hall for voting purposes would be the chairs on the floor of the auditorium, with the bleachers to the Moderator's right to be used in the event of an overflow. All other persons were to be seated in the bleachers on the Moderator's left.

ARTICLE 18: Moderator read article and Mrs. Soucy gave the report of the Planning Board as follows:

On March 27, 1987, at 8:00 P.M., the Planning Board held a public hearing on the petitioned warrant article. All present spoke in favor of its adoption. There was, however, a concern that the area described in the article did not match exactly the area on the town map. The petitioner agreed to emend the article on Town Meeting floor, so the area petitioned would agree with the town map. As the change from RD to RC would bring the area in question into conformity with the surrounding area, the Planning Board voted unanimously to recommend the adoption of the emended article.

Motion by Andrea Soucy, seconded by Tom Watkins that Article 18 be amended and accepted as follows:

To change the zoning of all property beginning near the southerly end of Grove Street, northerly to Lincoln Avenue and Easterly on Lincoln Avenue to Vernon Young Drive at the westerly side of the present existing General Commercial District (CB) line, southwesterly along the General Commercial District (CB) line, in a straight line to meet at the same point on Grove Street, roughly north of the Bugbee Street and Grove Street intersection.

Present zoning is General Residential District (RD). This would be changed to General Residential District (RC) with the approval of this article.

Mrs. Snell gave an explanation of the reason for this article. Access to area in question was questioned, and voters were informed that there are several roads leading into the property. Mr. Roy questioned the acreage involved, and it was determined to be 320,000 square feet or approximately ten acres. Vote on Article 18: Yes 78 No 2 Needed 53

MOTION CARRIED

ARTICLE 19: Mrs. Soucy gave report of the Planning Board as follows:

On March 27, 1987, at 8:30 P.M. the Planning Board held a public hearing on the revised zoning map. Most residents felt the new drawing was

acceptable although there was note of the fact that the town and conservation land are no longer marked per se on the new map. It was pointed out that to do so would not indicate the zone that the land was in, only its status as town property. It was additionally noted that this is an item better handled through the process of an overlay rather than on a zoning map as the zoning map's intent is to show zones not ownership. After review, the Planning Board voted unanimously to recommend the adoption of the zoning map.

Motion by Andrea Soucy, seconded by Paul Spadoni to accept Article 19 as printed.

Moderator allowed this motion and second to be withdrawn, as there were no objections, and a new motion to be entered, on the advice of Town Counsel.

Motion by Andrea Soucy, seconded by Arthur Roy--I move that Section 2.2 of the Zoning By-Law be amended to read "Said districts are located and bounded as shown on a map entitled "Zoning Map dated March 1964, revised August 1986" on file in the office of the Town Clerk. The Zoning Map with all explanatory matter thereon is hereby made part of this By-Law.

Result of vote: Yes 103 Opposed 0 MOTION CARRIED UNANIMOUSLY

ARTICLE 20: Motion made by Andrea Soucy, seconded by David Lomasney, to table this article to the fourth from the last article on the warrant.

It was noted that a public hearing on this article will be held on April 29, 1987 at 7:30 P.M. in the Town Hall)

MOTION CARRIED UNANIMOUSLY

ARTICLE 21: Moderator gave a reminder of the typographical error on the warrant in that "going north" should read "going south. Mrs. Soucy gave the following report of the Planning Board:

The Planning Board held a public hearing on March 27, 1987, at 7:30 P.M. on this petitioned article. Among all of the citizens present, none spoke in its favor, indeed, all of the citizens present spoke against it. Therefore, the Planning Board voted unanimously to recommend against this article.

Motion by Arthur Roy, seconded by Jeanne Roy, that the Town vote to amend the Zoning Map by creating a Zone RAA and place all land currently in Zone RA within the boundaries of the following: West of South Street from Plainville/Wrentham town line and going south to the Plainville/North Attleboro town line, going west to the town boundaries of North Attleboro, Wrentham, Mass. and Cumberland, R. I., and to amend the Zoning By-Law, Section 2.6 Intensity of Use Schedule as follows:

PROPOSED
RAA ZONE

Mrs. Soucy explained that this article had been only partially advertised, because at the time, the only information they had was that which is printed in the warrant.

Moderator declared a five minute recess at 8:30 to consult with Town Counsel, and meeting reconvened at 8:42, with Mr. Roy giving explanation of this article.

Considerable discussion followed with concerns that this would be considered snob zoning, that it would prohibit young people from purchasing land in that area as the price for that much land would be prohibitive, and other points of concern. Mrs. Soucy pointed out that RAA zone would not prevent condos, that a Comprehensive Permit can override the zoning regulation.

Question was called by Barbara Meyer, but the Moderator allowed Charles Smith to speak as he had been recognized prior to question being called, and Mr. Grzenda reiterated his previous question as to an opinion from Town Counsel as to the legality of the article. Attorney Lee stated that he would not recommend passage of this article, giving as reasons not being properly advertised; this large an area is usually re-zoned as a result of a master plan thru the Planning Board, and there are other ways to control development.

ARTICLE 25: Motion by Michael Lee, seconded by Bruce Howell--The Finance Committee recommends and I so move that the Town vote to transfer from available funds the sum of \$10,000.00 for the Reserve Fund to provide for the extra ordinary unforeseen expenses as authorized by Section 6, Chapter 40 of the Massachusetts General Laws, such monies to be transferred from Overlay Surplus Account.

UNANIMOUS VOTE

ARTICLE 26: Motion by Virginia Silveira, seconded by Bruce Howell--The Finance Committee recommends and I so move that the Town vote to raise and appropriate the sum of \$40,000.00 to improve and upgrade Town roads, such sums to be expended under the direction of the Highway Superintendent, such monies to come from taxation.

Question raised at this point as to how close we were to overriding Proposition 2½. Mr. Lee stated that we would be all right if the recommendations of the Finance Committee were followed from this point.

Mr. Lovely questioned why this was not a part of the standard operating budget and Mr. Lee explained that this was a special classification.

UNANIMOUS VOTE

ARTICLE 27: Failed for lack of a motion.

ARTICLE 28: Motion by Bruce Howell, seconded by Eugene Alsworth--The Finance Committee recommends and I so move that the Town vote to transfer from available funds the sum of \$500.00 for the normal repair and maintenance of the Town-owned building known as the Scout House on Spring Street, such monies to be transferred from Free Cash.

UNANIMOUS VOTE

ARTICLE 29: Motion made by Eugene Alsworth and seconded by Michael Lee, which the Moderator allowed to be withdrawn to allow for re-wording, as it was pointed out that the money had to be spend under someone's direction.

New motion by Eugene Alsworth, seconded by Bruce Howell--The Finance Committee recommends and I so move that the Town vote to transfer from available funds the sum of \$10,000 for Town Funds to be used in conjunction with and in addition to any funds allotted by the Commonwealth and/or County for the construction, reconstruction and improvement of Town roads, such monies to be transferred from Free Cash, and spent under the direction of the Highway Superintendent.

Mr. Hennessy questioned if this was Chapter 90 funding, and if so should it not be spent under the direction of the Board of Selectmen? Mr. Fredrickson stated that this was true.

Motion withdrawn and new motion made by Eugene Alsworth, seconded by Virginia Silveira--The Finance Committee recommends and I so move that the Town vote to transfer from available funds the sum of \$10,000.00 for Town Funds to be used in conjunction with and in addition to any funds allotted by the Commonwealth and/or County for the construction, reconstruction and improvement of Town roads, such monies to be transferred from Free Cash, and spent under the direction of the Board of Selectmen.

Dr. Kublin asked how this differs from Article 26. Mr. Fredrickson explained that this is state monies allocated for certain roads. Mr. Roy questioned how much is in the fund and when is School Street expected to be under construction. Mr. Fredrickson stated that there is about \$100,000. and time frame is in the hands of the Selectmen, with his own recommendation.

ARTICLE 32: Motion by Virginia Silveira, seconded by Michael Lee--The Finance Committee recommends and I so move that the Town vote to raise and appropriate or transfer from available funds the sum of \$30,000.00 for the purchase of Police Cruisers and related equipment to be expended under the direction of the Chief of Police, of which \$12,811.00 is to be transferred from Free Cash and \$17,189.00 is to come from Taxation.

UNANIMOUS VOTE

ARTICLE 33: Motion by Eugene Alsworth, seconded by Virginia Silveira--The Finance Committee recommends and I so move that the Town vote to raise and appropriate the sum of \$20,000.00 to fund the lease or purchase of a Data Processing System for the Town, such monies to come from Taxation and to be expended under the direction of the Committee.

Moderator stated that she was adding "Data Processing" to identify the Committee.

Questions were raised as to the membership of the committee, whether or not the system had been purchased or leased, where it would be located, and the finished cost of the system. Questions were answered by Mr. Alsworth and Chief Sandland. Members of the Committee are Robert Hartnett, Eugene Alsworth, Robert Brothers, Chief Sandland and Wallace Matthews. System will be located at the Town Hall, and will be both leased and purchased from vendors of choice, with the finished cost to be \$119,000.00.

Motion by Robert Hartnett, seconded by Eugene Alsworth to amend the motion on Article 33 by changing the amount requested to \$25,000.00.

There followed some discussion. It was stated that the money would be expended under the direction of the Committee. Mrs. Silveira asked what happens to the \$20,000.00 which should have been appropriated this year according to last year's town meeting action. Attorney Lee stated that if this amended motion is approved, it would override last year's action. Mr. Hennessy spoke in favor of the amendment.

Mr. Bona called the question. Vote on question was 83 in favor and 2 opposed, with 57 needed. QUESTION CALLED

The Fifth Session of the Annual Town Meeting was called to order at 7:45 P.M. on Monday, April 27, 1987 in the auditorium of the Wood School on South Street, with a total number of 145 voters being checked in for the evening.

Bounds of the hall for voting purposes were declared to be the chairs on the floor of the auditorium, all other persons to be seated in the bleachers to the Moderator's left.

Counters appointed to the Moderator's left were Kenneth Cox and Celine Hassell; to the moderator's right, Peter Brock and Catherine Green.

Ballot Box Officers in case of a ballot vote were to be Kathleen Sandland and Joan Clarke. Moderator stated that all motions and amendments must be in writing and all discussion directed thru the Chair. Speakers should use the microphone, and give name and address when speaking.

Moderator again reminded voters of the typographical error in the warrant, in that "(a petitioned article)" should be inserted after Article 39.

Moderator stated that a motion for reconsideration of Article 21 had been received at the end of the last session. Since the reason for reconsideration was due in part to the question of the legality of the motion, Mrs. Parker stated that she was postponing the reconsideration until Attorney Lee was present later in the meeting.

Motion by Robert Hartnett, seconded by Deborah Gard, that Jack Dwyer, John Rose and Janna Bremer be allowed to speak at this Town Meeting.

A five minutes recess was declared at 8:00 and the meeting reconvened at 8:05 P.M., with the Moderator reading the following request for reconsideration received from Arthur Roy: I wish to reconsider Article 21 to clear up some advice Town Counsel gave to the Townspeople, that definitely affected their voting stand.

Motion by Arthur Roy, seconded by Peter Brock that Article 21 be reconsidered as moved at the last session of the 1987 Annual Town Meeting.

Mr. Roy explained that he wished to reconsider this article so that he could make a new motion, not to rezone, but to seek the opinion of the Attorney General as to the legality of the article. Attorney Lee responded to Mr. Roy's statements, stating that, in his opinion the Attorney General would not give an opinion on the legality of the motion unless action was taken at the Town Meeting.

Total cost for the District Town's share not to exceed \$150,000.00 in total, apportioned on the FY88 apportionment ratios.

Moderator asked that the motion be re-worded to make the source of funding clear. First motion was withdrawn.

New motion made by Carolyn Romsey, seconded by Judy Olszewski that the Town vote to raise and appropriate from taxation the sum of \$41,910.00 for the purpose of constructing a new running track at the King Philip Regional High School for Fiscal Year 1988. Total cost for the District Town's share not to exceed \$150,000.00 in total, apportioned on the FY88 apportionment ratios.

In reponse to questions as to what had become of the money voted into this account at prior years meeting, Mr. Lee explained that the amendment made by Keith Grant on Article 12 transferred monies out of the K.P. Track Account. (earlier session of this Annual Town Meeting)

Motion made by Arthur Roy, but withdrawn to change wording and source of funding.

Motion made by Andrea Soucy, seconded by Clarence Gauthier that we postpone Article 40 until the 6th from last article on warrant.

ANNUAL TOWN MEETING--6TH SESSION--TUESDAY, APRIL 28, 1987

The Sixth Session of the Annual Town Meeting, scheduled for Tuesday, April 28, 1987, was opened at 7:48 P.M. Moderator called for a quorum count. There were forty eight persons present, and sixty are needed for a quorum.

Due to the snowy weather, it appeared that a quorum would not be reached, so the Moderator adjourned the meeting until Monday, May 4, 1987.

Respectfully submitted,

Kathleen M. Sandland

The Seventh Session of the Annual Town Meeting was called to order at 7:41 P.M. in the auditorium of the Wood School on South Street in Plainville, with a total of eighty nine voters checked in for the evening.

Bounds of the hall for voting purposes were set as being the chairs on the floor of the auditorium, with all non voters to be seated in the bleachers on either side of the auditorium.

Counters appointed to the Moderator's right were Clarence Gauthier and Robin Pollock; to the Moderator's left, Kenneth Cox and Celine Hassell.

Moderator stated that all motions and amendments must be in writing and all discussion directed through the Chair, with speakers using the microphone and giving name and address when speaking. Ballot Box Officers in case of a ballot vote would be Kathleen Sandland & Joan Clarke.

Mrs. Parker stated that the only business to come before this meeting were the articles which had been postponed until the end of the meeting.

Motion by Virginia Silveira, seconded by Robert Hartnett that Ferdinando Cipolla be allowed to speak on behalf of Pacella Bros., Inc. before this Town Meeting.

UNANIMOUS VOTE

ARTICLE 30: Failed for want of a motion.

ARTICLE 20: Moderator read the the article and Mrs. Soucy gave the following report of the Planning Board.

On April 27, 1987, the Planning Board held a public hearing on the petitioned article to change a parcel of land owned by Pacella Bros., Inc., on the northeasterly side of Taunton Street and being shown as Parcel #4 on a Plan of Land in Wrentham and Plainville, from RB to CA. The representative of the applicant said that it was being petitioned for change because such a change would allow them more opportunities for development of the said piece of land. The applicant would not disclose what sort of development might be considered for the land, but said over a period of time Pacella Brothers has been approached about development of said parcel. The applicant stated further that if the board did not recommend the change or if the change were not approved by Town Meeting, the applicant would build low income track housing on the parcel. When it was pointed out by the board that the area was zoned for single family development only, the applicant said that the company would go to the state to override town zoning.

A citizen present spoke against the rezoning, saying that he did not think it was in the best interests of the town.

In board discussion after the hearing prior to taking a vote for recommendation of Town Meeting Motion, the board members discussed the fact that the homes in this area are on well water and a commercial development could require a well of such size that it would adversely affect the wells of homeowners in the area. Another consideration mentioned was that the latitude allowed by zoning for the development in the CA area could allow for businesses that could have a negative effect on ground water via possible pollution in case of spill or accident. In addition, the board was concerned that the applicant could give no specific indication of what

might be developed in the area. Further, the board felt that rezoning of such a parcel in the center of an RB zone was spot zoning and not in the interest of the town. Lastly, the board felt that the effort to intimidate the board and the town by the statement that low income housing would be built if the article were not passed must not be tolerated. We firmly believe that no petitioner has the right to threaten or intimidate the voters of this community.

For all of the above reasons, the board feels it must recommend the defeat of this warrant article.

ARTICLE 20 FAILED-LACK OF A MOTION

ARTICLE 14: Mrs. Parker read the article and called for report of the Planning Board which was given by Mrs. Soucy as follows:

Public Hearing held on March 20th, April 10th continued to April 16th. Information received on March 20th altered plan so that a second hearing was held on April 10th. At that time there were still concerns from one hundred sixty petitioners. Hearing was continued to April 16th, and then created the present revised by-law on cluster development as herein presented.

Motion by Andrea Soucy, seconded by Paul Spadoni to accept Article 14 as revised and distributed at the first session of Town Meeting, with the following changes:

- 1) delete RAA District because of Town Meeting action defeating the creation of RAA District
- 2) 2.13.0 (B-2) delete "thirty (30) acres in the RAA district"

Motion to read as follows:

2.13.0 Residential Cluster Development (amended by inserting after 2.12.0 Earth Removal)

A. Statement of Purpose:

A residential cluster development may be authorized by special permit in the Town of Plainville in order to achieve the following objectives:

1. Flexible and sensitive site design;
2. Promotion of measures to ensure compatibility of growth and sensitivity to the natural environment;
3. Enhancement of residential and community amenities by provision of open space;
4. Promotion of economical and efficient use of roads, water and sewer lines and other related infrastructure;
5. Promotion of housing for all levels of income;
6. Promotion of diverse and energy-efficient housing at a variety of costs; and
7. Protection of water bodies and supplies, wetlands, floodplains, agricultural lands, wildlife, and other natural resources.

B. Definition and Applicability

Residential cluster development means a residential development in which the buildings and accessory uses are clustered together into one or more groups separated from adjacent property and other groups within the development by intervening open land, unless deemed otherwise by the special permit granting authority.

A residential cluster development shall conform to the following conditions:

1. Service by municipal water.
2. Contain a minimum tract size of twenty (20) acres in the RA District, fifteen (15) acres in the RB District, ten (10) acres in the RC District, and five (5) acres in the RD District.
3. The number of dwelling units shall conform to the existing density allowed in the corresponding zoning districts, except that in the RD zone up to six (6) attached units may be built as long as density is not increased.
4. A minimum of 40% of the total land area of the development shall be dedicated as common open space; no more than 25% of the land required as common open space may be wetlands as defined in M.G.L. Ch. 131, Section 40, or waterbodies.
5. There shall be a minimum width of 50 feet of buffer area between attached cluster building, and a minimum width of 100 feet of buffer area between any clusters and the abutting property lines or street. These buffer areas are not to be counted as a portion of the dedicated open space. These buffer areas shall provide suitable landscaping to screen and cluster buildings from each other, abutters, and the street year round.
6. Information on site capacity shall be provided to the Board by way of maps and text. Site capacity is determined by subtracting all wetlands, waterbodies, and land with slopes greater than 15% from the total amount of land.

C. Required Open Land:

1. At least 40% of the tract (exclusive of land set aside for roads and parking) shall be open lands. At least 75% of the open land

shall be suitable for passive or active recreations use, and shall not be wetlands or land subject to seasonal flooding.

2. Such open land, together with the areas in the building lots not devoted to buildings, roads, or parking, shall equal or exceed the area otherwise required under this Zoning By-Law for the total number of units contemplated in the development, except that waterbodies and land already subject to legally enforceable covenants or easements shall not be included in this computation.
3. The open land, and such other facilities as may be held in common, shall be conveyed to one of the following, as determined by the Planning Board, subject to the following guidelines:

In general, valuable natural resource land, such as wetlands not suitable for any public use or suitable for extensive public recreational use, should be conveyed to the Town or to a trust: whereas land which will be principally used by the residents of the cluster should be conveyed to a homes association.

- a. To a corporation or trust comprising a home association whose membership includes the owners of all lots or units contained in the tract. The developer shall include in the deed to owners of individual lots beneficial rights in said open land, and shall grant a conservation restriction to the Town of Plainville over such land pursuant to General Laws, Chapter 184, Sections 31-33, to ensure that such land be kept in an open or natural state and not be built upon the residential use or developed for accessory uses such as parking or roadways. This restriction shall be enforceable by the Town through its Conservation Commission in any proceeding authorized by Section 33 or Chapter 184, and for perpetuity. In addition, the developer shall be responsible for the maintenance of the common land and any other facilities to be held in common until such times as the homes association is capable of assuming said responsibility. In order to ensure that the association will properly maintain the land deeded to it under this section, the developer shall cause to be recorded at the Norfolk County Registry of Deeds a Declaration of Covenants and Restrictions which shall, at a minimum, provide for the following:
 - 1.) Mandatory membership in an established homes association as a requirement of ownership of any lot in the tract.
 - 2.) Provisions for maintenance assessments of all lots in order to ensure that the open land is maintained in a condition suitable for the uses approved by the homes association. Failure to pay such assessment shall create a lien on the property assessed, enforceable by either the homes association or the owner of any lot.
 - 3.) Provision which, so far as possible under the existing law, will ensure that the restrictions placed on the use of the open land will not terminate by operation of law.
- b. To the Natural Resources Trust of Plainville, Inc., or any other nonprofit organization, the principal purpose of which is the conservation of open space. The developer or charity shall grant a conservation restriction as set out in (a.) above.

c. To the Town for park or open space use, subject to the approval of the Selectmen and Town Meeting, with a trust clause ensuring that it be maintained as open space.

4. Open space shall be restricted to recreational uses such as parks, playgrounds and conservation areas and shall not be built upon except as approved by the Planning Board. Only structures incidental to recreation, conservation or parks shall be allowed subject to approval by the Planning Board. These restrictions shall run with the deed in perpetuity.
5. All open space areas shall have dry access to the street suitable for use by maintenance and emergency vehicles.
6. The applicant shall submit a plan for maintenance of the open space area. The plan must be approved by the Planning Board.
7. The applicant shall give evidence that a functional relationship exists between the open land and the proposed clusters. Such land shall be of such size, shape, dimension, character, and location as to assure its utility for park, conservation or recreation purposes.

D. Annual Limitation:

Under the provisions of this section, the Planning Board shall not approve more than one residential cluster development in each residential district during each calendar year.

E. Lot and Yard Requirements:

1. No pork chop, excessively funnel-shaped or other unusually gerrymandered lots shall be allowed if the shape is caused solely by an attempt to meet the lot size requirements of these By-Laws by evading the By-Law's intent to regulate building site density.
2. Attached Cluster units, unless otherwise noted in this by-law, shall conform to the existing lot and yard requirements located in Section 2.6; however, the requirements shall be adjusted to "per building," not "per unit."
3. Detached cluster units shall conform to 2.6 except for the lot and yard requirements provided below:

<u>Minimum Lot Requirements</u>	<u>RA, RB, RD</u>	<u>RC</u>
Area (Sq. ft.)	20,000	N/A
Width (ft.)	80	N/A
Frontage (ft.)	80	N/A
<u>Minimum Yard Requirements</u>	<u>RA, RB, RD</u>	<u>RC</u>
Front (ft.)	30	N/A
Side (ft.)	15	N/A
Rear (ft.)	25	N/A
N/A -- Not Allowed		

4. No building shall exceed 3 stories.

F. Administrative Procedures:

The Planning Board as the Special Permit Granting Authority (S.P.G.A.) shall adopt rules relative to the issuance of special permits and file a copy with the Town Clerk.

The Planning Board shall not grant a special permit for the subdivision of land into lots having the reduced area and frontage, as provided for in this Section 2.13, if it appears that because of soil, drainage, traffic or other conditions affecting the site the granting of such permit would be detrimental to the neighborhood or to the Town or inconsistent with the purposes of cluster development. In granting as special permit for cluster development, the Planning Board shall impose such conditions and safeguards as public safety, welfare, and convenience may require.

G. A copy of the plans shall be submitted to the Board of Health. Binding review of cluster plans by the Board of Health shall be according to the provisions of the M.G.L. Chap.51 Section 81 u.

H. Review Procedures:

The S.P.G.A. shall review all applications for a residential cluster development to determine the sensitivity of the site to the following criteria:

1. Compatibility with existing developments;
2. Compliance with adopted plans;
3. Acceptable design and layout of ways, streets, and paving;
4. That the projected traffic increase to the local road(s) is within the capacity of the existing network;
5. Compliance with environmental standards; and
6. Appropriateness of building and site design.

A representative from SRPEDD gave a slide presentation, followed by an explanation by Mrs. Soucy of the Planning Board's reasons for recommending the passage of this article. A lengthy discussion followed until question was called by Mrs. Fluck, seconded by Paul Spadoni.

Attorney Lee requested time to speak at this point, and the motion to call the question and its second were withdrawn. Attorney Lee explained several points that he felt should be changed in the motion.

At the suggestion of Attorney Lee, motion was made by Andrea Soucy, and seconded by Paul Spadoni to amend Article 14 as follows:

2.13.0 sub section C, sub section 3--delete "to a homes association" and insert "to any of the following"

section C, 3 b--delete "the Natural Resources Trust of Plainville or"

ARTICLE 15: Moderator called for Planning Board Report which was given by Mrs. Soucy as follows: On March 20 the Planning Board held a public hearing and recommends that Article 15 be as printed with the following changes.

The motion to accept as printed with changes was made by Andrea Soucy and seconded by Robert Hartnett.

Motion made by Andrea Soucy, seconded by Paul Spadoni to amend the motion on Article 15.

At this point, since there appeared to be a great deal of confusion on this motion and amendment, the Moderator struck all motions from the floor.

New motion made by Andrea Soucy, seconded by Paul Spadoni that the Town adopt the following changes to the Zoning By-Laws: under Section 4.1 Definitions insert the following after dwelling:

4.1 Definitions (amended by inserting the following after dwelling)

Buffer Area: A unit of land, together with a specified type and amount of planting thereon, which shall provide a year-round screen between buildings and abutters.

Dwelling, Attached Residential Cluster: Two (2) or more attached dwelling units, each having individual entrances.

Dwelling, Detached Residential Cluster: A dwelling unit having reduced yard, frontage, and area requirements and a provision for open space as conditions of a special permit.

Dwelling, Unit: A single unit providing complete independent living facilities for one family, including permanent provisions for living, sleeping, eating, cooking and sanitation.

Cluster Development: An option which permits an applicant to build single-family attached and detached units with reduced lot area and frontage requirements, so as to create a development in which the buildings and accessory uses are clustered together into one or more groups with adjacent common open land.

Homes Association: A corporation or trust owned or to be owned by the owner of lots or residential units within a tract approved for cluster development, which holds the title to open land and which is responsible for the costs and maintenance of said open land and any other facilities to be held in common.

Open Land: Open space within a cluster, prohibited from development.

ARTICLE 13: The Report of the Planning Board was read when the article was originally presented.

Motion by Andrea Soucy and seconded to accept Article 13 with the following changes. (Changes were so numerous that motion is hereby printed to read in entirety as follows):

1.3 Permits (amended by inserting the following after the second paragraph)

Applicants for a building permit which requires a site plan review (see Section 2.8, footnote 10, of the Use Regulations Schedule) shall submit three (3) copies of the site plan and other required information to the Building Inspector.

The Building Inspector shall forward two (2) copies of the site plan and supporting information to the Planning Board for review and comment. The

Building Inspector shall notify the Planning Board of the date by which he must take action on the application for a building permit. The Planning Board shall review the site plan and make such recommendations as it deems appropriate, and shall send a copy thereof to the Building Inspector. The latter shall not approve an application for a building permit prior to receiving Planning Board recommendations unless they have not been received from the Planning Board prior to said date. The Building Inspector shall notify the Planning Board in writing of his action on the building permit.

- k. provisions for refuse removal;
- l. existing and projected traffic volumes from the site and effect on the local road network;
- m. drainage calculations and type of soil
- n. other information as may be necessary to determine compliance with the provisions of this bylaw.

The Planning Board shall examine the following concerns in reviewing the site plans of the proposed development:

- a. proper drainage of the impervious surface areas of the property;
- b. safe access to the development, minimizing the number and width of curb cuts;
- c. acceptable design and layout of ways, streets, and parking areas;
- d. that the projected traffic increase to the local road(s) is within the capacity of the existing network for both the daily and peak hour volumes;
- e. proper lighting design for parking areas;
- f. that proposed use(s) will not have a detrimental effect on the abutting neighborhoods or natural environment;
- g. complies with the Plainville Master Plan.

Motion by Andrea Soucy, seconded by Tom Watkins to change item a in the last paragraph by deleting "the impervious surface of" so item a reads "proper drainage of the property".

TOWN OF PLAINVILLE

WARRANT

FOR THE

SPECIAL TOWN MEETING

MONDAY, APRIL 13, 1987

at 8:00 P.M.

THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss

To Either of the Constables of Plainville:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Plainville qualified to vote in town affairs, to meet in the Beatrice H. Wood Elementary School Auditorium, South Street, in said Plainville, on

MONDAY, APRIL 13, 1987

at eight o'clock in the evening, then and there to act on the following articles, viz:

ARTICLE 1: To see if the Town will vote to rezone a parcel of land off Pearl Street, shown as parcel 20 Assessors map 8, from its present zoning of IB to RC, or do or act in any matter relative thereto.

Said parcel of land is shown as Lot A on a plan entitled "Plan of land in Plainville, Mass., Cross Street Associates, November 1986 Scale 1"=40', W.T. Whalen Engineering Co., North Attleborough, Mass.", lot contains 19,712 s.f. and is further described as follows:

Land in Plainville, MA., located on a proposed cul-de-sac on the westerly end of Pearl Street, bounded and described as follows: Beginning at a point in the southerly sideline of Pearl Street, said point being the northwesterly corner of land now or formerly belonging to Randy Estrella; thence running S 12°41'40" E, bounded easterly by said Estrella and land now or formerly belonging to John Alcard, a distance of 190.00 ft. to a corner; thence turning and running S 77°35'20" W, bounded southerly by land now or formerly belonging to Cross Street Associates, a distance of 144.04 ft. to land now or formerly belonging to Massachusetts Electric Co. for a corner; thence turning and running northerly, in the arc of a 11432.19 ft radius, a

distance of 91.13 ft. to a corner; thence turning and running N 23°43'03" E, bounded northerly by other land of Cross Street Associates, a distance of 60.17 ft. to the sideline of Pearl Street; thence running easterly, in the arc of a 50 ft. radius a distance of 100.00 ft. to a point of reverse curvature; thence running northerly and easterly in the arc of a 25 ft radius circle, a distance of 34.24 ft. to the point of beginning.

ARTICLE 2: To see if the Town will vote to amend Chapter I, Section I of the Town By-Laws by adding the following:

1.7 The warrant for the Annual Town Meeting will close at 8:00 P.M. on the first (1st) Monday in February each year, or do or act in any manner relative thereto.

The Special Town Meeting within the Annual Town Meeting was called to order at 8:00 P.M. on Monday, April 13, 1987, in the Auditorium of the Beatrice H. Wood School on South Street in Plainville.

Moderator Kathleen Parker read the warrant for the meeting, and stated that the counters, and rules and bounds of the Annual Town Meeting would apply to the Special Town Meeting as well.

ARTICLE 1: Mrs. Soucy stated that the Planning Board did have a report, but as it is based on an amendment to be made by the Petitioner, she would prefer that the amendment be made prior to the Planning Board giving its report.

Motion by Robert Loew, seconded by Arthur Roy, that the Town vote to re-zone a parcel of land off Pearl Street, shown as Parcel 20 Assessors Map 8 from its present zoning of IB to RC.

The parcel of land is better described as follows:

Land in Plainville, Mass. located on a proposed cul-de-sac on the westerly end of Pearl Street, bounded and described as follows; Beginning at a point in the southerly sideline of Pearl St., said point being the northwesterly corner of land now or formerly belonging to Randy Estrella; thence running S 12°41'40" E, bounded easterly by said Estrella and land now or formerly belonging to John Aicard, a distance of 190.00 ft. to a corner; thence turning and running S 77°35'20" W, bounded southerly by land now or formerly belonging to Cross Street Associates, a distance of 144.04 ft. to a corner and land now or formerly belonging to Massachusetts Electric Co.; thence turning and running northerly, in the arc of a 11432.19 ft. radius, a distance of 190 ft. more or less to a point which marks the intersection of said arc with a projection of the southerly side line of Pearl Street, said side line projection being the present IB/RC Zone line, thence turning and running N 77°35'20" E, on said Zone Line, a distance of 128 ft. more or less to the point of beginning.

The above described parcel contains all of Lot A, a portion of Lot B, and a portion of the Pearl Street Cul-de-sac, as shown on a plan titled, "Plan of land in Plainville, Mass., subdivided for Cross Street Associates, Nov. 1986, Scale: 1"=40', W. T. Whalen Engineering Co., N. Attleborough, Ma." to which plan further reference might be had.

Mrs. Soucy gave the report of the Planning Board as follows:

The Planning Board held a public hearing on April 3, 1987, at 7:15 P.M. on this petitioned warrant article. The general consensus of those present appeared to be that rezoning the stated area from IB to RC would be to the general betterment of the neighborhood. Although an RC designation would allow the possibility of duplexes in an area that is generally single family homes, the area is not large enough to qualify for RB status, and it abuts an RC zone. In addition, to leave it with an IB designation would mean that at a future date it could be developed as industrial land or used as access to industrial land that lies to the west of it. For this reason, the Planning Board voted unanimously to recommend the approval of this warrant article.

Mr. Loew showed viewgraph of the area concerned to explain the reason for the zoning change.

Building Inspector Donald Soule stated that he is opposed to zoning changes by special interest groups, as he feels this would be spot zoning. Mrs. Soucy explained that spot zoning is changing areas of zoning. This change is to match abutting land. Mr. Soule still feels that any change is spot zoning. There followed some discussion. A two thirds vote is required on this article. Result of vote: For-147, Against-34, Needed for passing-121. MOTION CARRIED

ARTICLE 2: Motion by Robert Hartnett, seconded by Wallace Matthews, that Article 2 be accepted as printed.

Mr. Hartnett explained the reason for this article. A two thirds vote is required. UNANIMOUS VOTE

ARTICLE 3: Motion by Michael Lee, seconded by Eugene Alsworth--The Finance Committee recommends and I so move that the Town vote to transfer from available funds the sum of 6,000.00 to fund additional costs of Snow Removal for FY 1987 to be expended under the direction of the Highway Superintendent, such monies to be transferred from the additional Lottery funds for Fiscal Year 1987.

UNANIMOUS VOTE

ARTICLE 4: Motion by Virginia Silveira, seconded by Michael Lee--The Finance Committee recommends and I so move that the Town vote to transfer from available funds the sum of \$10,000.00 to fund engineering work for the Planning Board, to be expended under the direction of the Planning Board, such monies to be transferred from additional lottery funds for the Fiscal Year 1987.

Mr. Roy questioned the amount of available funds from the lottery, and the reply was \$21,000. Mrs. Soucy explained the reason for the need of engineering services, in response to question from Mr. Wood. Mrs. Benes suggested the possibility of having the developer bear these costs instead of the Town. Mr. Spadoni questioned whether or not this covered costs thru the end of FY1987. Mrs. Soucy replied in the affirmative.

ARTICLE 4 PASSED

ARTICLE 5: Motion by Bruce Howell, seconded by Virginia Silveira--The Finance Committee recommends and I so move that the Town vote to transfer from available funds the sum of \$4,560.00 to fund the cost of handicapped access at the Wood School to be expended under the direction of the Board of Selectmen, such monies to be transferred from additional lottery funds for the Fiscal Year 1987.

Mrs. Parker pointed out that there was a difference in figures in the article from the warrant, with motion reading \$4,650.00. Having determined that this was a typographical error only, she allowed the motion to be withdrawn and corrected to \$4,560.00.

Mr. Sliwinski question what was being paid as the ramp is already in, and it was explained that this money is to pay for that ramp.

SO VOTED

ARTICLE 6: Motion by Eugene Alsworth, seconded by Robert Hartnett--The Finance Committee recommends and I so move that the Town vote to transfer from available funds the sum of \$2,342.00 to fund 1981 Workers'

Compensation Insurance costs received during FY87 to be expended under the direction of the Board of Selectmen, such monies to be transferred from the Town Insurance Account for FY87. (9/10 vote required)

Mr. Hartnett explained the reason for this article. Mr. Hennessy, Mr. Spadoni, Mr. Nolan and Mr. Roy had a number of questions, and Mr. McKenzie asked opinion of Town Counsel as to the legality of interest being withheld. Result of vote: Yes 202 No 3 Required 185

ARTICLE 8: Lost for lack of a motion.

ARTICLE 9: Motion by Michael Lee, seconded by Virginia Silveira--The Finance Committee recommends and I so move that the Town vote to transfer from available funds the sum of \$1,100.00 to fund additional costs incurred during repairs and replacement of toilet facilities at the Police Station, to be expended under the direction of the Chief of Police, such monies to be transferred from Free Cash.

Chief Sandland responded to question from Mr. Lomasney as to total cost of said toilets. UNANIMOUS VOTE

ARTICLE 10: Motion by Virginia Silveira, seconded by Eugene Alsworth--The Finance Committee recommends and I so move that the Town vote to transfer from available funds the sum of \$11,000.00 to provide additional funds for the Police Salary account during FY 87 to be expended under the direction of the Chief of Police, such monies to be transferred from Free Cash.

Mr. Nolan questioned the number of money categories, Mr. Lee stated that the amount of Free Cash was \$173,771. and Chief Sandland explained why this was different from regular salary account, in reply to question by Clarence Gauthier. ARTICLE 10 PASSED UNANIMOUSLY

ARTICLE 11: Motion by Bruce Howell, seconded by Eugene Alsworth--The Finance Committee recommends and I so move that the Town vote to transfer from available funds the sum of \$3,000.00 to provide additional funds for the Police Expense account during FY87 to be expended under the direction of the Chief of Police, \$1,644. to be transferred from Free Cash, and \$1,356. from additional lottery funds for the FY87. ARTICLE 13: Motion made by Eugene Alsworth and seconded--The Finance Committee recommends and I so move that the Town vote to establish a Permanent Building Committee to develop housing needs for the Municipal Government and/or acquisitions, and develop a plan and schedule of priorities for the renovation of existing buildings owned by the Town, and transfer from available funds the sum of \$1,500.00 to be expended under the direction of the Permanent Building Committee.

The Committee to be comprised of seven (7) members, four of which will be appointed by the Board of Selectmen and the Finance Committee, one (1) from the Board of Selectmen, one (1) from the Finance Committee, one (1)

from the Local School Committee, one (1) from either the Planning Board, Zoning Board, or the Building Inspector, and three (3) members to be appointed jointly by the Selectmen and the Finance Committee from the registered voters in the Town, the terms of which will be staggered as four (4) for one (1) year term, one (1) for a two (2) year term, and two (2) for a three year term, and that the four (4) members appointed from existing Boards/Committees will be replaced by four (4) registered voters of the Town.

Mr. Bona questioned wording--does it mean new buildings? Mr. Hartnett explained. Mr. Soule questioned the funding of Article 52 on the Annual Town Meeting Warrant with relation to this article.

UNANIMOUS VOTE

ARTICLE 14: The Finance Committee originally did not recommend this article. but changed their recommendation. Motion by Bruce Howell, seconded by Michael Lee--The Finance Committee recommends and I so move that the Town vote to transfer the sum of \$5,000. to be used as the Town's share of a matching portion for any State Grants awarded to the Town of Plainville, such monies to be transferred from Free Cash.

\$15,000. to fund expense account of the Board of Health for the purchased labor for Health Agent inspections.

UNANIMOUS VOTE

ARTICLE 19: Motion by Michael Lee, seconded by Virginia Silveira--The Finance Committee recommends and I so move that the Town vote to transfer from the funds received under the escrow agreement with Laidlaw Waste Systems, Inc., the sum of \$15,000. to be expended by the Landfill Executive Committee, to provide other Boards and Committees with technical assistance and expertise in the areas of conservation, planning, water quality, zoning and other matters relating or pertaining to environmental quality.

Mr. Widak asked who makes up the Landfill Executive Committee, and was informed that the committee is comprised of the Chairmen of the Finance Committee, Board of Health and Board of Selectmen.

MOTION CARRIED

ARTICLE 20: Motion by Michael Lee, seconded by Virginia Silveira--The Finance Committee recommends and I so move that the Town vote to transfer from funds received under the escrow agreement with Laidlaw Waste Systems Inc., the sum of \$51,000., to establish a Laidlaw Closure Fund, to be expended by the Landfill Executive Committee, to assure the proper maintenance of the landfill after its closure, and said fund to include any interest received from investments of monies in this fund.

Motion by Michael Lee, seconded by Virginia Silveira to amend motion to read Landfill Closure instead of Laidlaw. AMENDMENT UNANIMOUS

Mr. Skinner answered questions on this article, stating that the estimated time frame for closure was fifteen to seventeen years.

AMENDED MOTION PASSED UNANIMOUSLY

All business of the Special Town Meeting having been completed, a motion was made by Robert Hartnett seconded by Arthur Roy to dissolve the meeting.

Moderator declared the Special Town Meeting dissolved at 9:52 P.M.

Respectfully submitted,

Kathleen M. Sandland

Annual Report
of the
TREASURER

TOWN OF PLAINVILLE, MASSACHUSETTS

FOR THE YEAR ENDING JUNE 30, 1987

REPORT OF THE TOWN TREASURER

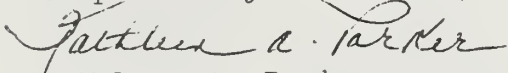

To the Honorable Board of Selectmen:

The Treasurer's Office accounted for \$7,042,996.17 Regular Cash Receipts and \$242,722.50 Special Cash Receipts during Fiscal Year 1987. In addition, we paid out from Treasury Warrants \$6,752,179.03 in Regular Cash, \$72,000.00 in Revenue Sharing Funds, and made Special Duty Payroll reimbursements of \$44,094.85.

We issued no short-term maturing debt during the fiscal year and we retired Fiscal Year 1986 short-term debt of \$55,000.00 in August, 1986. In addition, we retired \$140,000.00 in long-term debt obligations.

This report includes a statement of the Fund Balances at June 30, 1987; a reconciliation of the Treasurer's Cash at June 30, 1987; a breakdown of the Treasurer's appropriation for the year; a categorized breakdown of all cash receipts; and the schedules of our long-term debt obligations.

Respectfully submitted,

Kathleen A. Parker
Town Treasurer

Annual Report

of the
SCHOOL COMMITTEE

OF

PLAINVILLE, MASSACHUSETTS

FOR THE YEAR ENDING JUNE 30, 1987

REPORT OF THE SCHOOL COMMITTEE

At the annual reorganization meeting, Mr. Neil Loew was elected Chairman, Mr. Alan Lovely was elected Vice-Chairman, and Mrs. Patrice Giovanoni was elected local representative to the King Philip Regional School District. Mrs. Margaret McGrath was reelected to the committee during the April town elections.

The Committee would like to acknowledge the resignation and/or retirement of Mr. Paul Camber, Mrs. Claire Harrison, and Mrs. Sylvia Armeson. All have served the Plainville School Department for many years with outstanding service. We thank you for your past service and wish you all the best in the future.

The Committee made many important decisions during the 1986/1987 school year. Some will have a longstanding effect on the Town of Plainville. The following are some of those decisions:

- 1) The Committee voted unanimously to transfer a parcel of land in front of the Wood School to the Library Trustees for the purpose of constructing a new town library. The Committee feels this can only enhance the educational climate in the community. Its location can only have a positive influence on Wood School students, as well as a tremendous feeling of accomplishment for the entire population of the community.
- 2) The Committee approved a new Social Studies Curriculum produced by Harcourt, Brace, Jovanovich, Inc. This program will be totally implemented in September, 1987.
- 3) The Committee granted a one year maternity leave of absence to Mrs. Karen Saucier, teacher of Grade 3. She will be replaced by Mrs. Catherine Slobogan. Dr. Richard Cashman was granted an alternative career leave of absence and will be replaced by Mrs. Donna Dion. Mrs. Nancy Cronin will replace the transferring Mrs. Dion in the kindergarten.
- 4) The kindergarten will return to the A. W. Jackson School for the first time in four years. Articulation and age appropriateness were the major concerns in approving this move.
- 5) The Special Education Compliance Review is completely over and the school system is now in full compliance according to the State Department of Education. Mr. Thomas Fallon, completing his second year as Coordinator of Special Education has turned this department completely around. Mr. Fallon was recently appointed chairman of the BICO Collaborative Operating Committee by his peers.

- 6) The School Improvement Councils' Recommendations were approved by the Committee. This resulted in the completion of the Wood School Library and partial funding for the new playgrounds at both schools. The new playgrounds have had a tremendous impact on the community. Their use after school, on weekends and vacations is fantastic. Thank you School Improvement Councils and Plainville P.T.O.
- 7) The Horace Mann Grants were successfully negotiated by the Committee with the Plainville Educators' Association. This resulted in three (3) very successful programs.
 - A) A Reading Incentive Program for grades 3-6 by Mrs. Betty George.
 - B) A school newspaper, Woodchips, for grades 3-6 by Mrs. Janet Hale and Mr. William Fasulo.
 - C) A Teacher / Parent Cooperative Planning Program in grades 1-2 by Mrs. Marilyn Cady, Mrs. Margaret Deeney and Mrs. Alice Edwards.

There will be four (4) new Horace Mann Grants awarded for the 1987-1988 school year.

- 8) Two installments of the Professional Development Grant were awarded to all faculty members in August and February. The Grant was approved by the Committee last year with its sole purpose to supplement teacher salaries.
- 9) The Committee approved the following proposals for using the Equal Educational Opportunity Grant.
 - A) Hired a secretary for the A.W. Jackson School (180 day school calendar year).
 - B) Increased substitute teacher salaries in order to compete with surrounding communities.
 - C) Purchase social studies instructional materials to enhance its new curriculum.

The above are considered major decisions and accomplishments during the 1986/1987 school year. The Committee would like to thank the residents of Plainville for their moral and financial support of their elementary school system.

We extend our appreciation to the Administration, Staff and Parent Volunteers for another outstanding year. I would like to take this opportunity to thank my fellow committee members for their dedication and hard work.

Respectfully submitted,

Neil Loew

Plainville School Committee

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The 1987-88 school year began with a new Social Studies program. After considerable research and study, your Superintendent and Curriculum Revision Committee recommended the Harcourt, Brace, Jovanovich program. The Curriculum Revision Committee, headed by Mrs. Patricia Brodka and Mrs. Cheryl Rowe, spent numerous hours in research, workshops, conferences and etc. to come up with what we considered the best social studies program for the children of Plainville.

The 1986-87 school year featured some new faces on the faculty. Mrs. Martha Roche replaced Nancy Cronin in the Kindergarten, Mrs. Claudia Antranegian replaced Mrs. Susan Webb as School Adjustment Counselor, Mrs. Cathryn Harvey replaced Mrs. Claire Harrison, Mrs. Gail DiBiasio replaced Sylvia Armeson in the Wood School resource room, and Mrs. Claire Stafford became the new A.W. Jackson School secretary under an E.E.O. Grant.

In October, the Wood School was the scene of a fire. A teacher's desk was destroyed and smoke spread through the second floor. The fire department limited the damage to primarily one teacher's desk and some smoke. The fire was deliberately set and is still an open case.

On the positive side, a new handicap ramp was built at the Wood School's main entrance. This ramp not only aides students but also adults needing entry to the school for elections, town meetings and various social and entertaining events. Both schools received new playgrounds courtesy of the School Improvement Councils and Plainville P.T.O. The playgrounds were designed by professionals and build with volunteer help and a considerable amount of donated materials.

The P.T.O. was unbelievable in its support of the school system. Besides the playgrounds, the P.T.O. purchased a super computer program for grades K-2, a laminator for the Jackson School, and paid for a third grade field trip. Last but not least, the P.T.O. made a significant contribution to the Grade 6 "Web of Life" program and the P.T.O. Arts program, headed by Mrs. Karen Bristol, is second to none in the area.

The Jackson School received a new intercom system this spring. The old system died of natural causes and was replaced by a solid state, compact, state of the art intercom.

The school system was exposed to some new programs during the school year. The Compton Library Skills Program made its first appearance in Plainville and was a big hit. It was sponsored by the Encyclopedia Britannica and offered free of charge to the schools. Another new program was the "What's IT Like", handicapped awareness program for third graders. This program was well received by very enthusiastic adults and students. Both programs will return this school year.

The fifth and sixth grade teachers participated in the Casper Alcohol Education Program held at Southwood Hospital by the Consortium on Drug and Alcohol Abuse. The third grade also participated in Dr. Paula Scully's preventive dentistry program.

The school system received \$2,355.00 from an Instructional Materials Grant under Chapter 188 of the Acts of 1985. The Grant was for instructional materials in the area of social studies. This will enhance the new program beginning September, 1987.

The District Principals voted unanimously to award the student pictures' contract to O'Connor School Pictures. This company will replace T. D. Brown whose product has been unsatisfactory the past two years.

The Special Education Department has established a new state mandated Parent Advisory Council. Meeting notices will be sent home and will be posted in the monthly calendar of events.

A system policy book approved a year ago should be completed prior to year's end. M.A.S.C. is producing the manual and will update it annually.

A new special education transportation contract will be in effect this coming year. The BICO Collaborative awarded the contract to Kiessling Transportation of Walpole, MA. The new contract was low bidder but it calls for substantial increases (60%) over the previous contract.

This coming year, the system will be studying potential changes in reporting student progress to parents as well as upgrading our Language Arts Program. This includes Spelling, Penmanship, and Writing Programs.

The following cultural, extra-curricular, academic-related and business-related programs occurred during the 1986-1987 school year and are planned for continuance during the 1987-1988 school year.

- Web of Life Outdoor Education Program at Sandwich MA. A one-week boarding-in program for sixth graders.
- Whale Watch - a one day ocean trip out of Plymouth MA for sixth graders in late spring.
- Field days for all students in both schools.
- Kindergarten Talent Show
- A Time for Sharing (Thanksgiving and Christmas Project)
- Christmas Musical Production at the Wood School
- Ronald McDonald Safety Show
- Continuation of the Latch Key Program sponsored by the Hockomock Y.M.C.A.
- Continued membership in Project SPOHE's Purchasing Collaborative
- Continued membership in MECC (Minnesota Educational Computer Consortium)

- Continued involvement in the RICO and Project SPOKE Special Needs Collaboratives
- Continued involvement in the Tri-Town Committee affairs for articulation and problem-solving in the elementary and secondary King Philip School District.
- Continued involvement with the Southwood Hospital Alcohol and Substance Abuse Consortium

In closing, I would like to thank the Plainville School Committee, all school personnel, parents and taxpayers for their support of the public schools during the past year.

Respectfully submitted,

Francis J. Cinelli

District enrollment in fiscal 1987 totaled 1,546 compared to 1,619 in fiscal 1986. This marks the twelfth year in a row that enrollment has declined since reaching a high of 2,188 in 1975. Projections indicate a continuing decline in total District enrollment through 1991 and will occur at the Senior High as the Junior High enrollment has stabilized.

The Class of 1987 achieved a combined SAT score of 913 which exceeded the the state average of 909 and the national average of 906. A total of 175 students sat for the test in 1987 compared to 136 students in 1986. The 1987 score was 39 points higher than in 1986 and is quite significant in light of the large number of students who sat for the examination. Generally there is a reduction in the average score as the number of students taking the examination increases. A comparison of SAT scores for the past eleven years is as follows:

Year	Score	Year	Score	Year	Score
1987	913	1983	907	1979	872
1986	874	1982	891	1978	907
1985	913	1981	876	1977	892
1984	910	1980	874		

The Class of 1987 had 78% of its academic students go on to higher education and 20% enter the workforce. With respect to the vocational graduates, 82% entered the workforce and 14% went on to higher education.

King Philip continued to rank among the top schools in the state with a daily attendance of 92 1/2% at the High School and 94 1/2% at the Junior High and a dropout rate of 2%.

In 1987, the following employees were recognized upon their retirement during the latter part of 1986 and in 1987: Mrs. Eleanor Alter, english teacher (24 years); Mr. Michael Cosentino, physical education teacher (30 years); Miss Margaret Flaherty, mathematics teacher (29 years); Mr. Clayton Cummings, assistant head custodian (30 years); Mr. Russell Fuller, custodian (18 years); Mr. Francis Field, custodian (28 years); Mrs. Helen Fisher, cafeteria director (20 years); and Mary Faulkner (25 years), Virginia Mitchell (20 years), Elizabeth DiScuillo (22 years) and Deborah Preston (21 years), cafeteria workers. The collective contribution by these employees to the District is acknowledged with sincere appreciation.

A collective bargaining agreement with the teachers was ratified covering the three-year period ending 1989 and included increases of 5%, 5% and 6 1/2% in each of the three respective years, excluding step increases. Two-year contracts through 1988 with the cafeteria workers and the custodians were ratified and reflected increases, excluding step increases, of 5% in 1987 and 5% in 1988. A two-year contract expiring in 1989 was ratified with the administrators and reflected increases of 5% in 1988 and 6 1/2% in 1989, excluding step increases.

The implementation of the Massachusetts Public School Improvement Act (Chapter 188 of the Act of 1985) began in fiscal 1986. During 1987, the major sections of this act affecting King Philip are summarized hereunder:

Formula Grants

- A. School Improvement Grants; to provide for non-budgeted assistance and funded at \$10 per student for a total of \$16,610 and was designated for the following:

Junior High-Construct an indoor wall and rope climbing course
 -Develop a yearbook
 -Construct a shot put/discus platform
 -Purchase a portable sound system

Senior High-Student enrichment program
 -Improvements to the auditorium
 -Purchase frames to display student art work
 -Drug education assemblies
 -Peer leadership training
 -Convert library periodical storage to microfiche
 -Purchase an art history slide set
 -Renovate school store lighting

Funding by the state of this grant will continue in 1988 and may be increased to \$15 per student.

- B. Horace Mann Teacher Program; to provide additional teacher services and funded at 6% of the number of teachers times \$2,000 for a total of \$15,972 and allocated to the following:

-Writing through the curriculum: correlation of english and social studies
 -Science builder/grammar computer program
 -Learning to learn
 -Interdisciplinary curriculum development-language arts and American history
 -King Philip Times newspaper
 -Junior High career exploration and decision making program

Funding of this program will continue in 1988, but King Philip will not participate because the School Committee and the Teachers Association were unable to successfully negotiate the administration of this program.

- C. Professional Development Grants; to provide additional teacher compensation with funding based upon the number of students and was paid by the state to the District on:

February 1986	\$39,231	February 1987	\$27,593
August 1986	\$33,627	August 1987	\$22,011

These four payments amounted to \$914 per teacher and were distributed accordingly. These grants will not be continued by the state.

Testing

- A. Curriculum Assessment; testing of reading, mathematics and science at the grade 7 and 11 levels and given biennially. These tests were first given in 1986 and were reported on in last year's Annual Report.
- B. Basic Skills; testing of reading, writing and mathematics in grade 9 and given annually beginning in fiscal 1987. The results of this initial testing, summarized below, compare King Philip students with the state averages under three different scoring standards used by the state in evaluating this initial test for reading and mathematics. The writing test scores were only evaluated on a percentage correct basis.

Data Collection

Chapter 188 demands vast reporting requirements on the contents of programs as well as student data relative to suspensions, truancy and dropouts. This data collection also requires a need to cross-reference by dates, frequency, sex, programs, etc. Hopefully the State Department of Education will utilize this data in a meaningful way to justify the cost and time expended in meeting this requirement.

The Vocational High Chapter 1 Reading Program, under the direction of Mrs. Judith Kamon, received national recognition by being cited as an Exemplary Chapter 1 Program by the U. S. Department of Education Compensatory Education Program. King Philip, one of only three schools in Massachusetts and 108 nationwide, was cited for its extraordinary success in meeting the needs of disadvantaged students.

The golf and baseball teams capped successful seasons by winning Hockomock League championships.

The Marching Band completed another outstanding year by winning a gold medal at the New England Scholastic Band Association competition. The color guard and percussion line were rated the best in New England for a Division 2 school.

Members of the King Philip Sports Club and the King Philip Music Association are to be congratulated for their continued support. The music and sports programs receive considerable financial assistance through the efforts of these fine groups.

Lunch prices were increased from \$.65 to \$.75 for students and from \$1.30 to \$1.50 for teachers. This was the first increase in such prices in several years.

Because of the concern for the increased terrorist activities overseas, a policy was adopted prohibiting all student foreign travel except to Canada.

A small parcel of land of no use to the District and located on Route 140 in Wrentham was sold to the abutters.

A lease was entered into with the Plainville Athletic League permitting them to clear a portion of the District's land located on Route 106 in Plainville to construct a baseball diamond for the Babe Ruth League.

A five year-lease\purchase agreement for a new telephone system was entered into with NYNEX at a cost less than the annual lease cost with ATT for the old system.

Because of the increased use of the high school during the winter evenings, in-house security was implemented.

Legislation affecting special education (Chapter 766) changed the definition of benefits from "adequate and appropriate" to "maximum feasible" benefits. This change will probably increase dramatically the costs of providing these services. Because Proposition 2 1/2 was enacted several years after the adoption of Chapter 766, there is no provision under Proposition 2 1/2 requiring the state to fund increased legislated costs in this area. The state currently reimburses cities and towns for 60 percent of residential out-of-district tuitions. Most providers of these services operate without regard to cost containment since they have mandated reimbursement guarantees. Because of the volatility and uncertainty of these expenditures, school budgets are placed under considerable strain. Special education carves out of a budget a specific amount of money; at the same time, Proposition 2 1/2 dictates a bottom line approach. The net result is a budget squeeze which impacts the regular students. The District is fortunate it has the King Philip Counseling Clinic on site and participates in the BICO Collaborative, both of which provide services at a rate considerably less per student than private out-of-district placement providers.

The excess and deficiency account amounted to \$15,520 as of June 30, 1987. As a result, there is little margin for error in the budget process. Concerted efforts have been made by District Administration and the Committee to prepare open, honest and realistic budgets that include the actual costs of providing education. Because education is labor intensive (comprising 70% of the gross operating budget), salary increases, alone, will exceed a "desired 2 1/2%" net assessment funding level. As a result, every effort is made to encourage members of the Finance and Advisory Boards of the regional towns to participate in the school budget process.

The five-year plan adopted in 1985 continues to provide a valuable tool for budgeting expenditures for textbooks, student supplies, equipment and repairs and maintenance. Funding of the latter item is crucial because of the aging physical plant. During the past three years, serious efforts have been made to restore funds (cut during the initial years of Proposition 2 1/2) in order to carry out preventive maintenance and make ongoing repairs.

On behalf of the Committee, I wish to thank the residents of Norfolk, Plainville and Wrentham for their support of the King Philip Regional School District. The Committee welcomes your suggestions and encourages you to attend their meetings.

Respectfully submitted,

Keith Grant, Chairman
King Philip Regional District Committee

KING PHILIP REGIONAL SCHOOL DISTRICT

Report of the Superintendent

I hereby submit my 15th annual report as Superintendent of the King Philip Regional School District.

The Commonwealth of Massachusetts is legislating vast changes in the delivery of education services to young people. The legislature's actions directly affect the preparation and certification of teachers, monitoring of student progress, provision of special services, review of curriculum, and movement toward a standardized program for pupils. At present it appears to be well-intentioned, but badly fragmented and flawed. I believe that you will find within the reports of the District's administrators the positive results of the actions of the total King Philip staff. The actions implement extensive and intensive educational experiences that meet the evolving needs of young people who will live and work in the twenty-first century.

In essence we have determined that excellence is not a goal to be pursued, but rather an accepted standard of performance.

Our divisions, departments and staff are committed to setting objectives, organizing activities and people, motivating and communicating, measuring and evaluating performance, and developing students and staff. This was achieved by soliciting maximum input for our five year plan, gaining school committee approval and support of the plan, and then delegating the responsibility, authority and accountability for the implementation of their portions of the plan to the unit administrators and their staffs.

The results of the direct involvement of the total staff are a strong professional desire for excellence, expectations of high levels of achievement, a safe pleasant healthy environment, maximizing of time on tasks, a system of evaluation mechanisms, and a clear view as to where the District is going.

When staff members-professional, secretarial, clerical, teaching assistants, cafeteria and custodial personnel-perform their functions to the best of their abilities, the system achieves excellence and fulfills the intent of the Commonwealth's education legislation.

Our five year plan also addresses the needs of an aging physical plant and equipment. If we can maintain the present annual level of maintenance funding, adjusted for increases in inflation and the construction cost index, we should be able to meet most of our needs. However, the high school is over thirty years old and the junior high school is over twenty. At these ages, inspite of progressive maintenance and repair, it is conceivable that there could be engineering or physical plant casualties beyond our financial capacity to rectify. They cannot be predicted, but certainly can occur. Similarly, the roof of the senior high school will be a problem at some point. The roof of the original building has never been replaced. The roof of the building addition is about fifteen years old. There have been on-going repairs and there is no indication that replacement of either is imminent. However, when roofs exceed or approach the statistical end of their functional lives one cannot comfortably anticipate a longer existence.

Although regional school districts were created by the legislature to improve the educational opportunities of young people who live in small communities, they have not been treated kindly by the legislature with regard to financial support. Student population shifts among towns and a lack of increased state financial support for legal entities, whose financial responsibilities more nearly approach those of a town than a local school system, lead to assessment changes, that are sometimes difficult for the member towns to understand or support. These are problems the regional districts have asked the governor and legislature to address. Until the issues that are beyond our control are resolved, we trust that the citizens of the District will continue to support the District that serves the educational needs of their children. Judging by the success of King Philip's academic and vocational divisions' graduates and the expenditures of comparable school systems, I believe the educational return is more than commensurate with our expenditures. As a public institution our financial and education records, reports and audits are available to the citizens of the District upon request.

Senior High School - Academic Division

King Philip Regional High School has been accredited, with the acceptance of the five-year report, until 1992 by the New England Association of Schools and Colleges at their June 1987 meeting. "The Commission was pleased to note the development of student internship programs in Business, Physical Education, and the community, as well as the expanded student activities program".

The major student accomplishments of which we are proud are a continuation of: one of the highest daily attendance rates in the state (92.5%), a very low dropout rate and a high percentage of our graduates continuing their education (78%).

The main office has continued with the utilization of the IBM AT computer for student information profiles, computerization of all high school attendance reports and grade reporting for all grades. Additional information has been computerized such as the program of studies booklet and individual course outlines.

The flexible scheduling process has allowed continuation of student involvement in the MIT High School Studies Program, Dean Junior College Program, Southeastern Massachusetts University "Spotlight" program, and exchange time with other colleges and universities. During the summer of 1987 a number of enrichment and remedial courses were offered during a five-week program.

The School Improvement Council, established by the state legislature in 1985, approved expenditures in the following areas: innovative academic programs, expanded services to students, purchase of instructional equipment, peer leadership training, cultural education programs, and business and educational partnership programs.

The high school welcomed five foreign exchange students in September of 1987 from West Germany, Finland, Denmark, and Spain. The foreign exchange policy allows three students to attend each year hosted by a family in the district.

The Peer Leadership program has over one hundred trained students to work with other students and to present programs at the junior high and district elementary schools - "Students Helping Students".

The Language Arts Department improved the writing skills and reading labs to assist students who were unsuccessful in the basic Skills Competency Test, continued the advanced placement course in the junior and senior year and the development of team teaching with the Social Studies Department.

The Mathematics Department actively meets the students' needs in the computer era and developed a two-year Algebra I course for students who have difficulty with abstract mathematics. Future plans call for the development of a computer lab to be used by all departments in their teaching.

The Social Studies Department has been quite involved with the Hugh O'Brian Youth Leadership Seminars, State Government Day, and class elections. Students are involved in field trips to the Wrentham Courthouse, Miller's Court, Law Day, and the Hockomock League Senate.

The Science Department reviewed its curriculum guides, restructured some courses and continued with Advanced Chemistry, Advanced Physics, and Advanced Placement in Biology.

The Foreign Language Department offers five years of French and Spanish along with a course in Advanced Placement French. There has been increased student interest in Latin and German. The fifth year French and Spanish students continue with their tutorial program in the Wrentham and Norfolk Elementary Schools.

The Fine and Performing Arts Department expanded course offerings to meet greater student interest. Students have participated very successfully in the New England Scholastic Band Association competitions, Globe Scholastic Art Contest and other local and state contests.

The Physical Education Department is developing "carry-over" activities and offering the health course "Skills for Living" for all freshmen and sophomores. The Physical Education Internship has met the needs of students furthering their education in the health/physical education field.

High school athletics, intramurals, and school clubs have experienced an increase in student participation at all levels. Expansion has taken place with additional clubs, and wrestling as a varsity sport.

Junior High School

The following items are those which have made a positive contribution to the educational development of our students, staff and parents within the King Philip Regional School-North during the 1986-87 school year.

An outstanding school opening was followed by an excellent September Open House. During the evening the staff welcomed parents who followed their youngsters' schedules to meet our staff and to become familiar with course content, classroom organization and homework policy.

The School Improvement Council recommended the following proposals which have been implemented within the school:

Construction of an indoor wall and rope climbing course
in our gymnasium - proposal submitted by Steven Myette,
Physical Education Teacher.

Develop a yearbook for our junior high school students-
proposal submitted by Emily Joyce, 7th grade student.

Construction of a shot-put/discus platform and high jump
area - proposal submitted by David Hasenfus, Industrial
Arts Teacher.

Portable sound system - proposal submitted by Ronald P.
Marino, Principal.

We congratulate our junior high staff members whose Horace Mann Grant proposals
were accepted for development:

Sentence Builder/Grammar Computer Program - Submitted by
Donna Madore, Kathy Calkins and Algot Runeman.

Writing through the Curriculum: Correlation of English
and Social Studies - Submitted by Christine Henrich and
Susan Gregg.

Interdisciplinary Curriculum Development - Language Arts
and American History - Submitted by Paul Gallerani and Maurice
Guernon.

Junior High Career Exploration and Decision Making Program -
Submitted by Jeanne Poulin, Deana Ruvich and Gary Lombard.

Interdisciplinary Team instruction continues to grow at King Philip - North.
Five staff members now participate with our eighth graders in the areas of
Language Arts, Social Studies and Science.

Again we extend our sincere appreciation and gratitude to the regional Lions Club
organizations for their continued financial support of our "Skills for Adolescence
Program". Our seventh graders continue to develop some fine community service
projects. Parents are also to be congratulated for their active participation in
our evening parent seminars.

Congratulations are also in order for the outstanding achievement of those King
Philip - North students who received recognition at our Academic Awards Ceremony
in June.

Our students wish to thank the many parents and friends who participated in our
annual fund raiser. You are a tremendous help in supporting our Students' Activities
Fund.

District Pupil Personnel Service - Guidance and Special Education Service

The past year was one of the busiest we have experienced. The new special needs
regulations, with all of the incumbent changes, took effect. In spite of the gen-
eral reduction in the total student population, special needs continues to grow -
although at a somewhat slower pace. Out-of-District placements have also begun to
increase after an unexpected drop during the Winter and Spring of 1987.

Space needs continue to be a high priority since we no longer have room to house
the current staff and records without overflow into other areas. The need for
another full time secretary will soon be necessary if we are to avoid problems
that may take months if not years to rectify.

The addition of a least a part-time adjustment counselor and possibly a teacher within the next two years must also be seriously considered in order to avoid being in legal non-compliance and/or to minimize the further need for outside placements at costs that are beginning to approach \$10,000 per student (non-residential) per year, plus transportation. Although begun in 1986, we are now beginning to realize the benefits of computerized Individual Education Plans. Before the end of this year we expect every student at the senior high school will have his/her plan in computerized form, thereby lessening placement delays and providing the most accurate and up-to-date program information.

In the guidance area we have gone from individual college visitations to the college mini-fair system. The results of this have been most favorable having nearly doubled the number of colleges coming to King Philip and having reduced the interruptions from more than 75 to only 6. It is a significant gain, but one that required considerable pre-planning.

Our program of micro-filming the records of past graduates continues to progress slowly but steadily. We have completed the classes of 1978 through 1983. Next will be the classes of 1984 - 1988 followed by all who have left or transferred since the District was formed in the 1950's. Finally, we hope to do the classes of 1989 - 1992 thereby bringing everything up-to-date by the summer of 1992.

This past year also saw an increase in the number of resident foreign students attending King Philip. This necessitated expanding the ESL (English as a Second Language) program to include the junior high school as well as the senior high school. In view of some of the publicity surrounding this issue, I am happy to report that everything is in order and functioning well.

Senior High School - Vocational Division

Vocational education meets the needs of a significant segment (25%) of our senior high school population. It provides viable options to those for whom an academic education is not relevant to their career goals.

Vocational education prepares students for 26 of the 37 occupations the U.S. Bureau of Labor Statistics predicts will account for the largest number of new jobs by 1995. Eighty percent of all U.S. jobs don't require a college diploma, but they do demand skills provided by vocational education. Eighteen of the twenty fastest growing occupations within the next decade, as reported by the U.S. Bureau of Labor Statistics, require vocational education preparation.

To achieve the objective of providing entry level skills in trade and industrial occupations the King Philip vocational division staff has undertaken a series of activities designed to strengthen the programs.

There is a long range equipment replacement project that is conducted in conjunction with our five year plan to replace a major piece of equipment in at least two shops each year to maintain state of the art training on equipment in use in industry.

Each member of the staff participates in one of ten tasks groups designed to improve the quality of curricular offerings. This year the task groups are working in the following areas:

Vocational Orientation - Improve orientation between grade eight and the vocational high school, between the academic and vocational high schools, and between parents and the vocational high school.

Distributive Education - Renovate the school store and develop a sophomore program.

Data Processing - Create a data processing curriculum within the Department of Business Studies.

Recognition - Prepare a student and staff recognition program as well as a school-community relations project.

Computerize the Vocational Office - Computerize records and reports for easy access and to provide a data base.

Competency Based Vocational Education - Break down the curriculum taught in each trade area by units to be sequentially mastered.

Delta Programing - A unique program designed to introduce selected academic students to three area sequences designed to unify what is taught in the three areas and provide valuable hands on skills for potential engineering and art majors.

Delta One - Machine Shop, Computer Assisted Drafting, Electrical Shop
Delta Two - Art, Computer Assisted Drafting, Graphic Arts

Safety Programs - Provide a system of safety education for students and staff, plant safety inspections, hazardous materials disposal and maintain material safety data sheets. Vocational schools can be hazardous environments if safety standards are not taught and maintained.

Cable TV - Extend the cable wiring of the academic division's classrooms and work on an inter-school telecommunications network.

Five Year Plan/Evaluation Preparation - Work on a successors five year plan and prepare for the Division of Occupational Education's five year evaluation of the vocational division's programs.

The vocational division has experienced an exceptionally busy year. In addition to the previously noted activities the following projects and area improvements were also accomplished:

Business Education Department has updated it's word processing program with new word processing machines, computers and printers. They have also replaced a classroom with new electric typewriters.

A completely renovated store has re-opened for the Distributive Education program. They now have a larger class room and up-dated computer equipment.

The Drafting Department has had a classroom built within the drafting room to completely incorporate it's computer assisted drafting (CAD) program and additional electronic equipment. Police officers are being trained in the CAD program to electronically reproduce traffic accidents.

The Graphic Arts Department has received a three page color press and a Compugraphic computerized typesetter. The three towns in the district have utilized the graphic arts program extensively for printing required booklets, forms and reports.

The Carpentry Department constructed the CAD room for the Drafting Department along with counters for their computers. Tool sheds were built to order for district residents and cabinet work was done on a need basis throughout the school. We have resumed outside construction on a variety of home repair projects.

The Automotive Department had two lifts repaired and the wheel alignment machine computerized. They also received a new asbestos-safe brake machine, tire balancing machine and an updating of the computer engine analyzer.

The Electrical Department did extensive wiring work on the Wrentham Common, town office building and ski lift for the Recreation Department. They also did extensive work on the new phone system at the junior and senior high schools as well as wiring the CAD room and the computers throughout the system.

The Culinary Arts Department became involved with the District's senior citizens programs and have served many breakfasts and lunches for those programs. All of the schools sports' banquets and local clubs, such as Boy Scouts, have banquets here at the school catered by our culinary program.

The Vocational Department this past year has become highly involved in setting up a program for the disposal of hazardous waste materials to meet the new state and federal regulations.

The Machine Shop rebuilt and repaired machine parts for school maintenance and shop areas.

The Adult Education Program continues to grow. It offers traditional skill areas (automotive, carpentry, etc.) and technologically advanced programs (word processing, computer operations, computer assisted drafting, etc.).

Conclusion

The School Committee has actively participated and supported us in our many endeavors. Its leadership and cooperation remain active and vital. I also sincerely appreciate the efforts of our students, their parents, teachers, guidance counselors, nurses, custodian, office personnel, cafeteria workers, and administrators in all our schools.

The success of the schools is dependent upon the interaction of all who teach, learn, serve and support the schools in the Regional District.

William J. Costa

ASSESSORS OFFICE

Plainville, Massachusetts 02762

REPORT OF THE BOARD OF ASSESSORS

July 1, 1986 to June 30, 1987

The assessment program for updating Real/Personal Properties was again completed by Appraisal Consultants of New England. As in the past we were able to maintain one tax rate of \$19.25. There was an increase in the total assessed value of \$4,269,703. A moratorium on all new construction went into effect in the spring of 1987 due to water problems. A decline in new growth is expected to be noticeable in FY 1989, when statistics will reflect properties assessed as of January 1, 1988.

At the Annual Town Meeting on April 28, 1986, it was voted to raise and appropriate the sum of \$70,000. for a full revaluation for FY 1988. This is done every three years to bring properties to full and fair cash value. The work for this was begun January 1, 1987.

The Board of Assessors meet every Monday from 7:00 P.M. to 9:00 P.M. When there is a Monday holiday, the meeting will be held on Tuesday evening.

Respectfully submitted,

Conservation Commission

PLAINVILLE, MASSACHUSETTS

To the Honorable Board of Selectmen.

Gentlemen:

We hereby submit our report for the past fiscal year.

The Conservation Commission has had a very busy year with numerous Notices of Intent submitted and subsequently many on site inspections with follow up observations.

Protecting the Town's groundwater supply, an ongoing concern of the Commission, has become especially important in this past year. The Commission has formed a land acquisition committee headed by member Carl Boyd. The committee is presently looking into purchasing land in the aquifers that feed into the Town's drinking water supply. Several State Agencies have been contacted regarding funds available for this type of land purchase.

The Conservation Commission notes with sadness the passing of Peter Thorbahn, a former Commission member and past chairman. Our thoughts are with his wife and family.

The Conservation Commission would like to thank all the Town Boards and concerned citizens for their continued co-operation and support.

Respectfully submitted,

REPORT OF THE PLAINVILLE LIBRARY BOARD OF TRUSTEES

To The Honorable Board of Selectmen:

During the past year, the Trustees were able to improve the Library building by installing railings at front and back steps. The interior was given a coat of paint.

October 25th was a special day for the Library. The Friends of the Library held a very successful Book and Bake Sale. In the afternoon, the Trustees presented Jennifer Justice, story-teller and a Halloween party for children at the Wood School.

In April, the Friends of the Library held an adult program at the Wood School. Robin Love presented "Ladies First" (presidents wives). The Friends continue to be very active and raise funds for the support of the library and its program.

Sunday, May 3rd was proclaimed "Helen Cobb Day" by the Selectmen in honor of Helens faithful service as Plainvilles Librarian for thirty years. State Rep. Kevin Poirier and the Plainville Selectmen presented Helen with Citations from the State and the Town. A lovely reception by the "Friends" was enjoyed by her many friends and Plainville residents.

Video tapes were ordered and are very popular. We took initial steps to inaugurate a card system which is now in use. There is growing interest in the library and we can proudly note that our circulation is over 10,000.

We received a Grant from the Massachusetts Board of Library Commissioners for \$3,380 for a public-access computer. The library also received approval of a Grant for \$6,580 to be used for large print books, needed equipment and books on tapes.

Our library now conforms with others in that it now has written By-laws and a Library Policy Manual.

Our Librarian ran a successful summer reading program for grades one through six, plus a children's story hour session of six weeks with volunteer readers from the Friends of the Library.

The Trustees along with other members of the Library Building Committee are looking forward to working towards the completion of Plainville's new Library.

Report of the Library Building Committee

To the Honorable Board of Selectmen:

On April 28, 1986 the Town Meeting voted to appoint a Library Building Committee. This committee was to prepare a site selection, economic study survey and select an architect to prepare preliminary drawings to be presented at the 1987 Town Meeting.

A survey of town needs was conducted during the month of September. Nearly 100% of the participants concurred in the great need for a full service facility.

An intensive site study was made with the area in front of Wood School recommended.

Richard Schoenhardt Architects of Simsbury, Conn., was hired in November to prepare designs. In preparation of these Kenney Associates was hired to do a soil-bearing test at Wood School.

Designs presented at the 1987 Town Meeting were accepted with an appropriation of \$950,000.

Building at \$88 per sq ft	\$ 616,000
Sitework	110,000
Furnishings (based on \$12 sq ft)	84,000
Fees	80,000
Contingency	60,000

Selectmen reappointed the committee which had served prior to presentation.

Request for Design Services for construction deadline was June 24, 1987. (Contract was awarded to Schoenhardt Architects July 7, 1987.)

To the Honorable Board of Selectmen:

In 1987 the most visible accomplishment of the Plainville Historical Commission was the completion and erection of the three panel display dealing with the early history of Plainville. This triptych was painted by artist/cartographer, Eric P. McLaughlin. The text was lettered by Terry Mullen. Construction was done by members of the commission and several young volunteer/conscriptees, with a large assist from our Highway Department. We also planted the flower bed in front of the triptych and our loyal Highwaymen helped keep the plants alive throughout the dry summer. Our thanks to Ron and crew.

Our greatest effort--still not on public display--has been hundreds of hours spent on our survey of the town. At this writing it awaits the typist and should soon be delivered to the Massachusetts Historical Commission.

A printer was purchased as was a security cabinet to house it and the computer. Archival quality materials have been bought and we are working a portion of each meeting putting our collection into these protectors.

Because of our research for the survey we have been able to assist residents with their studies, owners with information on Historic Register and tax credits, biographical material for reporters and town departments, and documentation of important properties--such as the Shepard Mills. In some instances members of the commission have spoken to local groups at their invitation.

In turn the Commission has received gifts of original deeds, copies of articles written by former residents about life in Plainville, various artifacts, and copies of scholarly reports documenting local properties. One very special gift from Edna Worthington Sanders, niece of Clarence and Edna Telford, both former state representatives, and consisted of memorabilia dealing with their political careers. All of your gifts are appreciated and carefully preserved.

With sadness we note the death at age 43 of our former member, Peter Thorbahn. He contributed much to the Historical Commission and to the town.

It was with special pride that we received a copy of the New England Historical and Genealogical Register containing an article by our secretary, Esther Friend. At present she is at work on a book dealing with ancient boundaries in this area.

We appreciate the helpful cooperation by your board, the Finance Committee, Highway Department, Building Inspector, office staff, and Mr. Brothers.

RE: Annual Town Report
State of the Department

Dear Sir:

The police department early this summer began receiving the new data processing equipment that was approved at an Annual Town Meeting. This equipment has been enthusiastically received by the members of the department and it represents a new and adventurous way in which the service delivery system provided by this department can be greatly enhanced as to its effectiveness and methodology.

Several members of the department have a number of system applications in various stages of development in which the end result should provide a higher level of effectiveness. One particular officer has developed a keen interest in motor vehicle accident analysis that will eventually enable the department to identify the accident causation factors and establish a plan of education, remedial engineering and a selective enforcement plan that will place officers at certain locations and times to address violations that analysis indicates are the causes of motor vehicle accidents. Technology is without question a great tool, but it should be put in its proper dimension--without the vital component of ideas and energy of a human, it still is a tool.

This community has without question the finest collection of men and women that could ever serve a community, as police officers and support staff. Each of them has a unique talent, skill or trait that makes them a valuable asset. We have made mistakes, or have failed a citizen's expectation not by design or intent, but because we are human or the complexities of the law prohibited a desired result, but it was not because the officer was not sensitive to the citizen's dilemma or a question of integrity or willingness to do the job to the best of their ability.

This office is looking forward with great expectation to the operational growth that we will develop in the coming year and hope to provide the citizens with a better and more efficient level of service in the future.

Self Help, Inc., is greater Brockton's and Attleboro's anti-poverty agency dedicated to improving the quality of life of limited income individuals and families, and making all segments of the community responsive to the needs of the limited income, disadvantaged and minority needs.

During the program year ending September 30, 1987, Self Help Inc., received a total funding of \$11.6M and provided 476,669 direct services to the area's limited income individuals and families.

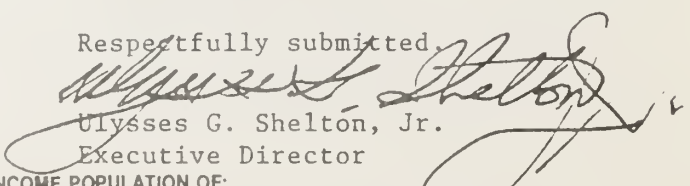

1,135 residents received 1,135 direct services totaling
\$ 77,311 during the program year.

The total funding of \$11,639,819 does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional \$917,512 of other community resources such as Commonwealth Service Corp and local cities and towns contributions as well as volunteers. The gross volume of Self Help during the past program year was approximately \$12.6 million.

Self Help currently employs 260 individuals, many of whom are limited income and minorities.

We feel that the program year 10/1/86 to 9/30/87 was a successful one for Self Help, Inc., and very helpful to our limited income population. We thank the area's Mayors, Boards of Selectmen, town volunteers and your representative, Mr. Henry Desautel to our Board of Directors for helping to make our program year a success.

Respectfully submitted,

Ulysses G. Shelton, Jr.
Executive Director

NORFOLK MENTAL HEALTH ASSOCIATION, INC.
10 Cottage Street
Norwood, MA 02062

The Norfolk Mental Health Association is a private non-profit corporation governed by a citizen Board of Directors who represent each of the twelve towns in its service area: Canton, Dedham, Foxborough, Medfield, Millis, Norfolk, Norwood, Plainville, Sharon, Walpole, Westwood and Wrentham.

The major programs of the Norfolk Mental Health Association available to Plainville residents are:

CUTLER COUNSELING CENTER, which has a large multi-disciplinary staff serving individuals, couples, and families. Services include evaluation, referral, treatment, educational and support groups (e.g. Widowed Lifeline, Senior Care Program, Gym Program for Children, Social Rehabilitation, Divorce-Separation Workshops, Stress Management, Alcohol & Substance Abuse), children and adolescent groups, parent-toddler groups, as well as consultation and training services to community agencies, schools, and local industries.

PROJECT HIRE, a sheltered vocational rehabilitation facility for people with emotional, developmental or physical handicaps. Programs include diagnostic evaluations, electronic skill training, work adjustment training and counseling, sheltered long-term employment, and transitional employment and job placement.

PARENT-AIDE PROGRAM, offering trained and supervised volunteer aides who provide one-to-one help to clients in the community, families and individuals in crisis, victims of domestic violence, parents at risk of abusing and neglecting their children.

COMMUNITY EDUCATION PROGRAMS, offering speakers for community meetings, workshops, consultation and educational materials.

During fiscal year 1987, Cutler Counseling Center provided direct services to approximately 56 people from Plainville. The total value of these services was \$19,860 of which the Town of Plainville allocated \$3,050.

In the past year, people from Plainville who came to us for assistance were often referred by friends, neighbors, family, clergy, school, physicians, or community agencies. The most common requests for help concerned such problems as depression and anxiety, difficulties in marriage or family relations, school or behavior-related problems, alcohol or drug abuse, work-related problems, and acute or chronic mental illness.

The Norfolk Mental Health Association Board of Directors includes Rev. John Mahoney and Jeannette Pray from Plainville.

1987 REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective, and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

Larviciding: Treatment of mosquito larvae during aquatic development is one effective control method.

Larvicide by backpack and mistblowers

88 acres

Catch basin larvicide application

235 count

Adulticiding: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying, or threatening to residents.

Adulticide with mistblowers

51 acres

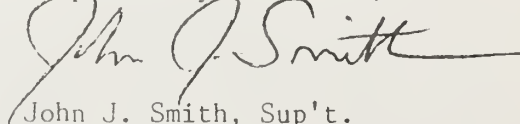

Adulticide U.L.V. from trucks

3,840 acres

Surveys, inspections, and monitoring in support of our programs include locating and mapping breeding areas, larval and adult collections and fieldwork evaluations leading to better drainage.

The Project received 14 calls from residents for information and assistance.

Respectfully submitted,

John J. Smith, Sup't.
